On 2/26/70, Mrs. JUDITH YOUNT, 1210 Platte Avenue, Ventura, telephone number 647-4518, advised that she attended a public meeting sponsored by captioned group at the Elizabeth Topping Room, Public Library, Ventura, on 2/25/70. This meeting was advertised as having a guest speaker, DAVE MC REYNOLDS, to talk on Civil Disobedience.

According to Mrs. YOUNT, there were approximately 35 to 40 persons in attendance, 50 percent college age and the other half, adults. DAVE MC REYNOLDS introduced himself as a paid organizer and stated he was with the War Resisters League, and had been in various parts of the country, involved in anti-draft activities. He gave a very detailed talk concerning the mechanics of anti-draft demonstrations, and stressed non-violence. He suggested such things as urging everyone to write to the Selective Service System (SSS), even women, to bog down the clerical staff. He also told those present that when they left their homes to join a demonstration, to take candy bars with them and warm clothing as it could not be determined when the demonstration would end. He also indicated that the police could be "won over" by non-violence.

Mrs. YOUNT described MC REYNOLDS as follows:

DETAILS OF REPORT:

On February 17, 1970, the American Ordnance Association held a dinner at the Beverly-Hilton Hotel, 9876 Wilshire Blvd., Beverly Hills. The reception was at 1830 hours and the dinner at 1930 hours. Members of radical organizations appeared at the location about 1800 hours and formed picket lines at the hotel entrances. The total number of radical participants was estimated to be approximately 250. Many of the demonstrators carried placards, such as "Smash War Profit","They Profit-We Die", "Stop The War Machine", etc. The demonstrator also chanted "A.O.A. Go Away", "Power To The People", etc. The demonstrators initially confined their picketing to the sidewalks on Wilshire Blvd. and Santa Monica Blvd. At approximately 1900 hours, however, the main body of the demonstrators, led by Gordon Alexandre (IDF), forced past uniformed officers at the driveway on the Wilshire Blvd. side of the hotel and moved to the circular drive area in front of the hotel lobby. All of the participating demonstrators moved into the area in front of the lobby and continued their picketing and chanting. Uniformed officers were stationed at the lobby entrance and no major effort was made by the demonstrators to enter the hotel. A few individual demonstrators attempted to enter the hotel but they were turned away by officers at the entrance. The two obvious leaders of the demonstrators were Gordon Alexandre and Richard Healey (IDF). At approximately 2000 hours the main body of demonstrators returned to Wilshire Blvd. and individual participants attempted to gain entry into the hotel at other locations. All entrances were guarded by uniformed officers, however, and these attempts were unsuccessful. It was during the time that the demonstrators returned to Wilshire Blvd. that approximately 8 windows in business locations fronting on Wilshire Blvd. were broken by rocks. None of the rock throwers were observed or arrested by police officers in the area. (In a later conversation with [redacted] he identified two individuals who threw rocks and broke windows as Gordon Alexandre and Richard Healey. The two individuals obtained the rocks from the area of the railroad tracks at the north side of

A group of demonstrators returned to the area in front of the lobby entrance, however the number of participants had decreased significantly. Beverly Hills Police Chief requested the assistance of L.A. County Sheriffs and when a group of Sheriffs arrived the remaining demonstrators departed from the area. The demonstration concluded at approximately 2035 hours and there were no further problems.

ADMINISTRATIVE DATA:

This report is classified "Confidential" since data reported from DN T-1 through DN T-4 could reasonably result in disclosure of such informants and thereby adversely affect the internal security of the United States.

DAVID BOLDUC, who has been mentioned as head of "The Resistance", Denver, Colorado area, is not on the Security Index and is not being recommended at this time as it is not felt his activities meet the criteria for being on the Security Index.

Information was not set forth under specific headings in this report inasmuch as "The Resistance" organization has had very little activity and therefore there is very little information to include in this report.

A copy of the following letter from DAVID BOLDUC to "DOUG" was furnished the Boston Office of the FBI on 1/20/70, by Agent JACK CULLEN, Alcohol, Tobacco, and Firearms Unit, United States Department of Treasury, Internal Revenue Service, who would not reveal the source from whom the letter was received and requested it should not be disseminated further and used solely for lead purposes for the present time.

This letter, which had the heading "The Resistance, 1458 Pennsylvania - 12, Denver, Colorado 80203, (303) 892-0907", had written on top of the letter, "Funding Request". This letter, which is a very poor copy and therefore illegible in places, read as follows:

"DOUG,

"Sorry for not writing sooner, but Resistance has kept me busy.

"First I want to ask you to try to get the second funding request from Resist. I __ finding Colorado to be a very poor district with almost no money coming in. Here is where money has been coming from. $100.00 per month, three months - Resist., $1400 from HARRIS - BAEZ tour, $1000 from Palo Alto Resistance, $700 from poetry reading.

"Only about $300 of this money is left - all of it pushed into establishing Resistance. What have we done?

"Well, offices are (illegible) in Colorado Springs, (illegible), Ft. Collins. I suggested demonstrations in five cities in Colorado and much is growing out of these demos.

"I find myself speaking about 3-4 times per week. Discuss groups which I hope will evolve into action groups are growing from my (illegible). Just this morning we had a small demo in the rain with 30 people for a Ft. Collins resister who refused induction in Denver. We are starting to leaflet the induction center daily with draft counseling in resistance office at night.

"I'm leaving BURT WALLRICH in the Institute for Non-Violence in Carmel come out to try to start something.(illegible) that in the mountains in Colorado. (This is still in planning stage.)

"FRED GARDENER from San Francisco and SOS I talk to last month when I was on the coast and he (illegible) wife and two kids to start a GI coffee house. Keep the plans for this quiet at this time.

"Hopefully I will have DAVIS HARRIS come out this next Tuesday to speak at an anti-ROTC demo in Ft. Collins.

"Been working with a newly formed group of high school students called Colorado Student Alliance - they are having anti-ROTC demos this week in Denver at four high schools. I had CHRIS JONES fly out from Palo Alto to talk to their first about non-registration. The poetry reading last Monday was beautiful although the attendance was small. I feel it really helped to develop the community I'm interested in.

"So, Resistance is thriving with (illegible) down for the draft.

"There possibly might be a file burning here sometime in the future - people are talking about it at this point.

"I feel the Milwaukee and Cantonsville actions really help to make Resistance go.

"Let me know if I can give you any more info to help you get the extra funding request.

"DAVID"

The activities of these groups take various forms including counseling in ways to evade induction; promoting and providing information concerning leaving the U. S. to take up residence in other countries to avoid military service; encouraging desertion or disobedience to military directives; and outright assistance to deserters such as making available lodging and travel accomodations in fleeing the U. S. to avoid return to military duty.

"The Resistance" has telephone service in that name, telephone number 892-0907, at 847 Pearl Street, Denver, Colorado. The person responsible for this telephone service is listed as GARY SCHEKER care of The Resistance, Los Angeles, California, telephone number 213-473-6410.

On December 8, 1969, at about 6:15 a.m. approximately 32 hippie-type individuals assembled at the main entrance of the New Custom House, 19th and Stout Streets, Denver, Colorado, to protest the induction of JOHN MAY. After passing out anti-draft literature, individuals proceeded to the second floor of the New Custom House, where they presented a cake with MAY's induction notice as a candle to an induction official. At about 7:45 a.m. these individuals peacefully exited the building. Attached hereto is the piece of the literature passed out by these individuals:

DN T-2,
3/11/70

A meeting publicized by the Colorado New Mobilization Committee (CNMC) was held at headquarters of "The Resistance" at Denver on March 11, 1970. Representatives from the CNMC, "The Resistance" and other peace groups were among the 15 to 20 white persons present. It was decided that draft boards in Boulder, Colorado, and in and around Denver would be visited and leaflets would be handed out. "The Resistance" group present stated they planned to have 25 disrupters in Colorado Springs next week to stage a sit-in during the National Security Seminar which is in session at the Colorado Springs City Auditorium this week and next. No specific date or time was established for the sit-in.

DN T-3

The Colorado New Mobilization Committee is the local organization of the New Mobilization Committee.

> The New Mobilization Committee to End the War in Vietnam was responsible for sponsoring a massive anti-war demonstration at Washington, D. C., on November 15, 1969, and has promoted several other anti-war and anti-draft projects throughout the country since that date. It has established local contacts in various cities throughout the country, including Denver, Colorado.
>
> The Colorado New Mobilization Committee to End the War in Vietnam is made up of representatives from various local anti-war and anti-draft groups. It has circulated publications released by the New Mobilization Committee headquartered in Washington, D. C.

Informant, who is active in anti-Vietnam War activities, advised "The Resistance" organization maintains its headquarters at 847 Pearl Street, which is a fourteen-room mansion, occupied by "hippie" type people. Informant said the last he heard DAVID BOLDUC claimed to be head of "The Resistance", however, BOLDUC has not been noted to be in attendance at any anti-Vietnam War meetings attended by informant. Informant feels "The Resistance" is still ineffective in organizing any activities in the Denver, Colorado area and feels their only activities have been appearing at demonstrations organized by other anti-Vietnam War groups and possibly counselling draftees.

DN T-4
9/17/70

Today I am refusing to be inducted into military service. I realize the consequences of taking this position as all people who take this position do. There is a large difference between being physically imprisoned and being physically and mentally imprisoned. To be inducted I would be forced to sacrifice the integrity and development of ideals of peace, love, and brotherhood. The military system acknowledges only obedience.

No one has accepted another's ideas by being shot at, whether physically or verbally. A concept of any military system is to attack, kill and destroy. An imposed part of the concept is that what you (as nation and as individual) are doing is right without question, and right even to a Vietnamese. The military system is constructed in such a way that it destroys the personal feelings by which men can relate to one another, not only people in this country but to people everywhere. The object of basic training, the very act of putting a uniform on a man is to tear down his individual thoughts and feelings and force him to act in such a way that the authority of military values only is furthered. There is no place for one's personal attitudes in this system.

If any idea or system is to be shown as better than another it can only be done through compassion and persuasion, in a confrontation of values, not armies or weapons. Attacking someone only increases his animosity and therefore his unwillingness to listen to what you value. Whether he is defeated or not proves nothing about the differing ideas or concepts.

In being inducted or by accepting a selective service deferment I must agree with the system of values of the military. This I do not. Whether one likes it or not, by being inducted or classified one is performing actions which the system requires you to do, so that its authority and concepts can continue to exist. This is why each individual's actions are important not only to himself but to others.

To construct a world of peace, love and brotherhood we must live in such a world. In order to live in it we must cause the military system to become obsolete by refusing to cooperate with it, deny its authority in the directing of our personal lives, and learn to abandon the use of weapons or hostility to solve problems. We must start each one of us to build a new kind of life upon new attitudes. Peace, security and a creative, happy life are realized only to the extent that each one of us refuses to bear arms, to attack another man, or to destroy his principles.

We encourage you to speak with the people at the Resistance House, 847 Pearl Street, Denver, or the American Friends Service Committee, 1460 Pennsylvania Street, Denver, for information on your alternatives to going to war.

On December 17, 1969, a Federal Grand Jury at Los Angeles, California, returned a True Bill and Indictment of GARY LEE AUFDENSPRING, previously described as a leader of The Resistance in San Diego, for violation of the Selective Service Act, United States Code, Title 50, Section 462 (Refusing to be Inducted) and a bench warrant was issued at the Federal District Court on that same date.

On January 22, 1970, SAS HARRY H. WHIDBEE, DORWIN L. SCHREUDER and O. EUGENE POGUE arrested AUFDENSPRING at the residence of his parents at 3429 28th Street, San Diego, California. AUFDENSPRING was found fully clothed, hiding in the back of a clothes closet, after his mother had stated that GARY AUFDENSPRING was not present at that address. His father and his wife were also present at the time. AUFDENSPRING was quiet and submissive after his arrest; however, his father attempted briefly to block the Agents' path in removing him from the residence, but gave way when ordered to clear the way. AUFDENSPRING stated that he understood about his rights and did not desire to make any statement or sign any documents and was transported directly to the San Diego County Jail. He was later released to await trial.

FEDERAL BUREAU OF INVESTIGATION

Date February 3, 1970

JOSEPH G. "BUD" SONKA, 5061 63rd Avenue, San Diego, California, was interviewed on January 29, 1970, at which time he read a Rights and Waiver form and thereafter stated that he did not wish to sign the form. He advised that he did not wish to speak to Agents of the FBI, concerning deserter harboring or possible sedition violations except in the presence of his attorney.

SONKA stated that he and NEIL GOODE are still planning to print a new newspaper called the Observer. He said he has ruined himself financially in attempting to produce this newspaper because he has not received the support that he expected. He said this newspaper will not be a radical type newspaper of the type having obscene language and advertisements and articles of a revolutionary nature, but will be a newspaper dedicated to advising the citizens of San Diego concerning the activities of certain powerful people who now influence control of the city. He said he expected the support of the Democratic Party, but that this group of individuals is controlled by about ten people who have their own selfish interests more at heart than the political party. SONKA advised that NEIL GOODE continues to be employed by the Independent, a twice weekly newspaper published in San Diego, California.

SONKA advised that he had just been served with a warrant by a San Diego County Marshal for failure to respond to a traffic citation. He stated that bond would be $55 and that he did not have any money and would probably have to spend some time in jail rather than post bond.

The following description of SONKA was obtained through observation and interrogation:

C. Current Activity

On January 19, 1970, during the course of an investigation at Sub-Unit Number 1, Headquarters and Service Company, Staging Battalion, Marine Corps Base, Camp Pendleton, California, SA MICHAEL A. CRAMER, JR., observed a green Chrysler Monaco convertible with 1969 Canadian license number K37250, issued in Ontario, Canada, in the parking lot reserved for Sub-Unit Number 1 personnel. Numerous Marines were congregated around this car and appeared to be talking with the driver. Later in the afternoon, SA CRAMER again observed this automobile still parked in the same area and advised the Provost Marshal's Office, Camp Pendleton, California, concerning the activities surrounding this automobile.

Intelligence officers at Camp Pendleton advised SA CRAMER on the morning of January 20, 1970, that the driver of the above-mentioned automobile had been seen passing out some type of literature or printed matter to Marines approaching the car. Intelligence officers questioned the driver of the automobile and determined that he was:

LUTE, Marine Corps Serial Number 642 00 01, assigned to the Medical Service at MCRD, found a pamphlet on his car which had been placed there while it was parked in a parking lot at Belmont Park, San Diego. Two of the pamphlets were found on the car as if someone had had a bundle of the pamphlets and had accidentally obtained two copies while placing it on the car. A Xerox copy of the pamphlet follows:

I got these names from another Marine in the Brig, but I can't remember his name. I was told to call these numbers collect for instructions. These names were:

Marlene Kogan
Barb Dillion
Bertie
Charley
Rev. Augie Lowe

"I called Dillion from Old Town area after we went over the fence at MCRD, she said she lived a long way from me, but she would come get me and provide help in getting a discharge for me. I talked to Kogan's sister and she gave me the phone number of a message information center, but I got no answer there. I got no help from Bertie and Charley, they said they were too far away. "In Old Town, we met a group of hippies near a church. The church was near a laundromat and also near a new church that was being built. We told the hippies that we were UA from the Marines and asked if they would help us, they said they would.

"The #1 hippie, who was the spokesman was about 6'2", skinny build, long blonde hair, indian head band. He was wearing a black arm band with the word resistance on it.

"The #2 hippie was about 5' 9", medium build, long sandy brown hair, about 17 years old.

"#3 was 5' 9" skinny, long black hair, with a mustache. #2 and #3 may have been brothers because they called each other brother.

"They took us downstairs in the church where a group of hippies lived and fed us and gave us some clothes, then put some food in a bag to take with us. #1 called some people for us and tried to get some help, but he said it was too late at night.

"Another man, about 30, medium build with a beer belly, came downstairs and talked to the hippies. He was wearing a T shirt, kakkis and house slippers. He seemed to have some difficulty talking.

"Then #1 drove us to his house in a small red car. The house was a new one with the garage connected and there were two dogs in the yard. Seems like it took about 15 minutes to get there from Old Town on the Freeway.

"Next morning, he fed us breakfast and got me a pair of gym shoes to wear. Then he dropped us off near the expressway. That was the last I saw of him.

"Another time I was UA, I got a name to call for help, it was Debbie Burton. I got this name from Jim Creech, another marine. I called Burton and told her what I wanted. She told me to go stand on the corner of 13th and E Street and someone would come. I did and in a few minutes, a lady came by in a 1965 blue Chevelle, 2 door, with a black flag on the radio antenna. She told me to get in the car. She was about 21, tall, about my height, attractive, small lips, large eyes, blue eye shadow, wearing a mini skirt, bee hive hairdo and high heels. She drove me to some small town in Oklahoma just off the expressway. We stopped in this town and in a short while, some man in a pickup pulled in behind us and honked, she honked back and waved to the man and told me my other ride was here. The man was about 30, 5' 10", stocky, light brown hair, he drove me to my house in Chicago. Neither the lady or the man asked me for any money, they paid for the meals.

"Also with the name of Debbie Burton, I got from Jim Creech, I got the following names:

Then after taking us to the basement of the Church, where they lived, they fed us and got some clothes for us. The tall guy took us to a house, maybe in La Jolla in his car, an old blue Rambler. He had some dogs at the house. Next day, he took us to Imperial Beach and we got a ride to Los Angeles.

III. THE WAITING ROOM

C. Current Activity

An article contained in the "San Diego Street Journal", Volume II, No. 17, dated March 13 to 20, 1970, a weekly underground-type newspaper published in San Diego, states that "most of the staff and the GI's maintain their office at 429 J Street. The reality of oppression in San Diego has made them temporarily suspend plans to open a coffee house".

F. Source of Funds

On January 29, 1970, a meeting of 16 persons was held at 3848 Ingraham Street, San Diego, California. In attendance at this meeting was PATRICIA SUMI, a member of the group trying to form The Green Machine Coffee House in Oceanside, California. She stated to the group that The Waiting Room, a coffee house in San Diego, is in desperate trouble. About 24 servicemen stationed at the San Diego Naval Base are involved in The Waiting Room operation and one unidentified civilian has been assisting. There have been numerous investigations of this coffee house by the Shore Patrol and many military servicemen will not return to the coffee house for fear of arrest. She said that recently, only four individuals of the group involved in The Waiting Room were available to help publish "Duck Power", a newspaper for military servicemen published out of The Waiting Room. She said money and personnel are badly needed for this operation and it is generally felt that The Waiting Room may be on its last leg. DONALD DUNCAN, a former Green Beret military serviceman now active in opposing the war in Viet Nam, stated he would look into the situation and try to save The Waiting Room, but it may now be impossible.

During this meeting, PATRICIA SUMI also stated that The Green Machine was also having troubles, but not to the extent of The Waiting Room's problems and they have need for two more civilians, more money and a lot of various office supplies.

IV. GREEN MACHINE COFFEE HOUSE

A. Background and Organization

An article contained in the December 1, 1969, issue of "Attitude Check", Volume I, No. 2, an underground-type newspaper published for distribution mainly to military personnel, contains an article on the last page stating that on Wednesday, Thursday and Friday of the previous week, a meeting was held in San Diego of two GI organizations, "Duck Power and The Green Machine". During the meetings, an alliance was formed to be called the Movement for a Democratic Military (MDM) and it was decided that they would sponsor a moratorium in Oceanside, California, on Sunday, December 14, 1969, which was subsequently held. The article states that the MDM is a group of active-duty servicemen dedicated to making the military respond to the will and needs of the servicemen and the American people. The following preamble and list of demands were prepared:

Believing that ending the suppression of the American serviceman is an important part of a larger struggle for basic human rights, the Movement for a Democratic Military pledges support for the self-determination of all peoples. We are dedicated to using every means at our disposal to bring about a prompt end to the war in Vietnam, the exploitation of our brothers and sisters abroad, and the repression -- both physical and economic -- of those in our own land. We feel that by remaining silent, the serviceman has contributed to the denial of this deep-founded right of himself and of people everywhere to live free from intimidation and oppression. We have been silent for a long time. We will be silent no longer.

1. We demand the right to collective bargaining.

2. Extend all human and constitutional rights to military men and women.

3. Stop all military censorship and intimidation.
   We demand the right to obedience to individual conscience -- moral, political, or religious.
   We demand the right to refuse politically objectionable duty such as riot control and Vietnam duty.
   We demand that M.P.'s be kept out of our civilian lives.

4. Abolish all mental and physical cruelty in military brigs, correctional custodies, and basic training.

5. We demand the abolition of the present court-martial and non-judicial punishment systems.
   All cases would be subject to automatic review by a board of civilians elected by all military men having one vote each.
   Trial by a jury and court of one's peers by rank.
   Eliminate all physical custody before trial.
   Place the military judicial system outside the chain of command.

6. We demand wages equal to the federal minimum wage for civilians.

7. We demand the abolition of the class structure of the military.
   End saluting and sir-ing and special Officer priveleges and segregation.
   End all rank priveleges.
   We demand the right for an enlisted men's elected review board of officer conduct.
   We believe that respect can only be earned on a human-relating-to-human basis.

8. End all racism everywhere.
   Bring to immediate trial, by the system described above, all officers and senior enlisted men who foment and exploit race tensions within the military.

9.Free all political prisoners.
In return for captured American troops in Vietnam, we support freedom and amnesty for Eldridge Cleaver, Huey Newton, the Conspiracy 8, and our brother war resisters at home and abroad.

10.Stop the glorification of war now prevalent in all branches of the military.

11.Abolish the draft and all involuntary enlistment.

12.Pull out of Vietnam now.

SA JAMES W. BERRIAN, California Department of Justice, Bureau of Criminal Identification and Investigation, San Diego, California, advised on March 25, 1970, that the group of individuals in Oceanside and Vista, California, whose original purpose was to establish the Green Machine Coffee House have been so unsuccessful in establishing the coffee house and so successful in the MDM Movement that attempts to establish the coffee house have been almost completely negated.

The following article, captioned "Green Machine And MDM Eye Carlsbad Headquarters", was printed on page 1 of the "Blade-Tribune", a newspaper published at Oceanside, California, on February 12, 1970:

Green Machine And MDM Eye Carlsbad Headquarters

CARLSBAD — Two anti-war groups, The Green Machine and the Movement For A Democratic Military, are attempting to locate a "staff house" in Carlsbad.

City officials Wednesday met with the commanding general of Camp Pendleton in a joint briefing to discuss wasy in which to handle the situation.

Sources indicate the lease on a Vista staff house has expired and that a representative of the two groups has contacted several property owners on Magnolia Street in Carlsbad.

The meeting at base headquarters was attended by Mayor David Dunne, City Manager Charles Martin, Win Priday, director of public works, and a police detective.

The Marine Corps officials at the session were Maj. Gen. Donn J. Robertson, base commander, Col. T.L. Randall, chief of staff, Col A.L. Emils, base G-3 (Training and Operations) and Col. J.J. Kelly, base provost marshal.

Gen. Robertson said he was concerned about the two groups, and said that their purpose was "to disrupt the military."

The two-star general has refused to admit to the press he is even aware that the two groups exist and has instructed his spokesmen to ahere to that line.

Mayor David Dunne, after receiving the Marine Corps invitation for a talk, said he "had never heard of the groups."

Last year, Kent Hudson and his wife Pat, leaders of the Green Machine, attempted to locate a staff house in downtown Oceanside.

They failed, and charged that Mayor Howard Richardson had "run them out of town."

Stating that the staff house serves only as a place of entertainment for service-number G.I.'s, the pair said that the city "harrassment" was inspired by base officials.

After locating in Vista, Green Machine members helped form the Movement For A Democratic Military, which follows the line of a nation-wide drive by servicemen to unionize the military.

The MDM also advocates the immediate U.S. withdrawal from Vietnam, and the abolition of "officer privileges."

Both groups were active in promoting a large anti-war march and rally in Oceanside in December. The groups are made up of dissident servicemen and former military men.

C. Current Activity

SA JAMES W. BERRIAN, CII, San Diego, advised on March 25, 1970, that most of the activity of The Green Machine is now directed toward functions of the MDM.

F. Source of Funds

On January 18, 1970, at a meeting of The Green Machine at 2133 North Santa Fe, Vista, California, held to show the movie "Battle of Algeria" and to solicit donations, PATRICIA HIDEKO SUMI, who poses as the wife of KENT LEROY HUDSON, stated that The Green Machine was in financial difficulties at the present time and did not even have food. She asked for donations of money and an unspecified amount was contributed by those present.

KENT HUDSON, civilian leader of The Green Machine, has one or two bank accounts with the Liberty National Bank, 832 South Santa Fe Avenue, Vista, California.

(SD T-2, February 25, 1970)

A letter written by IRVING SARNOFF, Chairman of the Peace Action Council of Southern California, states in part that at a Peace Action Council meeting on January 21 (1970), an emergency appeal was made by the Movement for a Democratic Military for financial assistance to save the GI coffee house near Camp Pendleton called "The Green Machine". The letter described The Green Machine as a peace center and stated that if military brass is successful in closing it, or if it closes due to lack of funds, one channel for peace is closed. The letter suggested sending a check to "M.D.M." or "Green Machine".

(SD T-5, February 18, 1970)

A characterization of the Peace Action Council is set forth in the Appendix of this report.

V. WEST COAST COUNSELING SERVICE

C. Current Activity

On March 24, 1970, Warrant Officer RAYMOND MATTHIAS advised that two unidentified individuals were passing out cards containing information regarding the West Coast Counseling Service at the Marine Corps Recruit Depot (MCRD).

On March 25, 1970, Master Sergeant R. W. THOMAS advised SA STEVEN L. CHRISTENSEN that two individuals driving a light blue Dodge van with 1970 Maryland license number A45876, were stopped on the MCRD as they were believed to have passed out copies of a card describing the West Coast Counseling Service. They were ROBERT S. NEILSEN, III, 731 San Jose Place, Mission Beach, San Diego, California, who was a Corporal with Marine Service Number 2220521, who received a medical retirement discharge after losing one of his legs in Viet Nam. He has California Driver's License R657924. The other individual was MANUEL TALACERA, JR., Army Serial Number 5268825. He was an AQ3, but denies being presently on active duty with the Army. He had California Driver's License K415723. They had in their possession a copy of the "San Diego Street Journal". The cards they were distributing was orange in color. A Xerox copy of the card is as follows:

Many servicemen are discontented with their present status within the military, but unaware of existing alternatives.

Military regulations offer a number of alternatives by which a serviceman can be discharged, ranging from conscientious objection to physical disability. Servicemen can also receive non-combatant status.

The West Coast Counseling Service informs men of their rights and helps them to obtain these rights.

Existing orders can be held up, and a serviceman can begin working out his position in accordance with military regulations.

VI. MISCELLANEOUS DRAFT COUNSELING

C. Current Activity

The following article was printed in the "Daily Aztec", a daily newspaper distributed to students at San Diego State College, on Friday, February 20, 1970:

FD-350 (Rev. 7-16-63)

Counselors will advise men on draft laws, rights, lottery

by JOHN HUSSAR

The new draft lottery picks nothing but winners. If you want some information that might make you a loser, Dave Neptune, College Y director, might have the answers.

Information on the new draft laws is available every Tuesday and Thursday from 1 to 4 p.m. in Aztec Center room H. Neptune and Dr. Herbert Gindler, associate professor of mathematics, are the counselors.

San Diego State students with more difficult problems can talk with Michel Panzer, a Santa Monica lawyer, at 7:30 p.m. Thursdays in Aztec Center Presidential Suite.

Neptune said the draft counseling was set up to "give information about procedures, rights and alternatives." Neptune explained that the counseling was set up by the counseling office at State and emphasized that the counselors "are not trying to prescribe for them (students) what they ought to do".

Neptune said that when the new law was put into effect, about 1,000 men a week came in for advice.

"Now we have about 100 a week and about 35 on Thursday night", said Neptune.

COMMON PROBLEMS

Most of the problems regarding the draft center on errors by the draft board, student deferments and physical deferments. Neptune said that when students ask him what physical ailments or disabilities are grounds for a 4-F deferment, he checks the Army Physical Manual for reference. Chances for obtaining a 4-F deferment depends on the documentation by a doctor.

"You must have a complete medical history, diagnosis, prognosis, etc, written up in much detail," explained Neptune. He said the medical team at the induction center determines the physical deferment, not the draft board. Every draft board has a medical adviser who is a volunteer [illegible] added that students can talk to a medical adviser about physical deferments before the required physical. At the time of the physical, men can give their medical documentation to the medical team.

Those men who are 19 to 26 years old by Jan. 1, 1970, were eligible for this year's lottery. Males turning 19 this year will be included in next year's lottery.

STUDENT DEFERMENT

Neptune recommended that no one should drop his deferment, regardless of his number.

"Those having numbers in the upper one-third, or 250 on up, actually don't have real good odds," Neptune said. He said many draft boards are up to number 60 on February's draft call. The smaller draft boards have been calling up to number 260 to meet their quota. The National Selective Service Board in Washington, D.C., will set the monthly quota call.

Those who received priority numbers in this year's lottery will keep those numbers until their student deferments expire. After graduation students will be reclassified, usually 1-A, which is prime draft eligibility.

"After reclassification you have the right of appeal, which can take up to six months or more to go through. During this time you look for deferment possibilities," said Neptune. He added that men have 30 days to appeal after being reclassified.

"If you have a 1-A classification after an appeal process and you have turned 26, you are still eligible for the draft," Neptune said.

ADEQUATE PROGRESS

"Student deferments are granted for students who are taking 12 units or more and "adequate progress towards a degree," Neptune said. Adequate progress means the change in status from freshman to sophomore to junior to senior in four years. Two semesters and summer session are thought of an an academic year by the draft board, according to Neptune. The draft board only knows if the student attends school full time and his year in school. During registration student deferment forms 109 can be sent to the draft board.

Neptune said, "Almost everybody is fumbling with the new lottery because it is complicated and was hard to put into effect."

He said the new lottery is not working out as expected because of all the difficulties of deferments, processes and loopholes.

The present lottery is up for reconsideration in 1971 by Congress and Neptune believes there will be changes in it, but he didn't say what changes.

Neptune said, "Chances are the draft call will be lower in 1972 than 1970."

APPENDIX

PEACE ACTION COUNCIL

The " People's World", a weekly west coast communist newspaper, in its issue of November 5, 1966, in an article on Page 3, describes the Peace Action Council (PAC) as, "a coordinating agency for peace activists" which conducts emergency mobilizations and demomstrative actions against the war in Vietnam.

On July 22, 1966, a source reported that the PAC, which has also been known as the Greater Los Angeles Peace Action Council (GLAPAC), was formed during the early summer of 1966, for the express purpose of protesting the war in Vietnam during the National Governors' Conference held in Los Angeles, California from July 4 to July 8, 1966. Following the concousion of that conference, the PAC members decided to continue as a coordinating group to sponsor similar protest demonstrations at later dates.

This source was recontacted on May 8, 1968, and reported that the PAC continues to operate under the same basic comcept.

Dear Lt. Nelson:

I am writing to you in regards to my son [redacted] Saturday Aug. 23, 1969, I received a notice of his absence without leave. It is hard to understand for on the notice I received. It has under Date and hour absence (17 Aug. 69-0900) then under Date dropped from Rolls as a Deserter (17 Aug. 69).

Now I am aware of the fact that he was here in Seattle and was picked up and placed in military custody on July 28, 1969.

Since getting this notice last week and not understanding it; I have been wondering if my son has left Camp-Pendleton again or what has happened to him?

We are very concerned over him, because every since he came back from Vietnam last November, he has not acted in a normal way. There is some thing definitely wrong with him.

Best Copy Possible

Lt. Nelson, I would greatly appreciate hearing from you about [redacted] such as, is he at Camp Pendleton, at the present time. Also, since he was sent over to fight for our country, can't he have some kind of program of rehabilitation? As I see it he can't seem to cope with life since coming back. When he was home on leave, directly after coming in from Vietnam - he seem to have great feeling of guilt. I hope you can imagine the heart-ache it is to a mother to see her 20 year old son in such a bad condition.

Please let us hear from you about this situation, because we feel steps are going to have to be taken to have him helped back to normal health.

ENCLOSURES

Enclosed are 12 copies of an LHM dated as above and captioned, "MEMBERS OF AMERICAN COMMUNIST GROUP IN MEXICO AID MEMBERS OF U. S. ARMED FORCES IN OPPOSING WAR IN VIETNAM." Also enclosed is one copy each of "Gigline" and "Counterdraft" mentioned in the LHM.

REFERENCE

Mexico City letter and LHM 9/5/69 captioned, "CHARLES NELSON SMOLIKOFF," Bufile 100-12632.

ADMINISTRATIVE

CHARLES NELSON SMOLIKOFF appears to be a leader of the ACGM and has been involved in activities opposing the draft. Referenced Mexico City LHM contains a summary of some of these activities.

No information has been developed which would indicate that Mexican nationals are participating in any way in an organized movement to disrupt U. S. military programs.

An inked notation on the first page of "Gigline" which is enclosed contains the question, "Did Bernstein get and show you letter regarding GI papers?"

This notation was not included in the LHM since it tends to disclose the identity of the source. BERNSTEIN probably refers to JOSEPH BERNSTEIN, an associate of the ACGM in San Miguel de Allende, Guanajuato.

March 31, 1970

MEMBERS OF AMERICAN COMMUNIST GROUP IN MEXICO AID MEMBERS OF U. S. ARMED FORCES IN OPPOSING WAR IN VIETNAM

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

According to T-1 and T-2, who have furnished reliable information in the past, the American Communist Group in Mexico (ACGM) is a loose association, of a predominantly social nature, of present and/or past members of the Communist Party, USA, and their friends and associates who share a common sympathy for the international communist movement.

T-1 advised on January 14, 1970, that Charles Small, a leading member of the ACGM, has been circulating a letter to other members of the ACGM which is an appeal to support both financially and with ideas a movement to oppose the war and to assist members of the U. S. Armed Forces who are anxious to take direct action in opposition to their position.

This letter being circulated to associates of the ACGM is a typewritten letter and its contents are set out below:

"As you know, the GI movement is growing. Protests and demonstrations, up to virtual insurrections, occur regularly in stockades and bases everywhere, in defiance of reprisals, courtmartials and imprisonment. It is an opposition unheard of in U. S. history - and is growing in depth and

"breadth. Because their dissent is moral and legal the Military cannot halt it. Efforts to stifle the GI's anti-war activities have, in part, caused its further growth.

"THE GI CHALLENGE TO THE MILITARY IS THUS A MAJOR ANTI-WAR FRONT.

"Nixon's demagogy may unbalance some sectors of society, but the GI's are never taken in, nor is their ongoing opposition ever curtailed. This 'threat' to the Pentagon is explained, stimulated and supported by GI newspapers, which are published, written and distributed by the GI himself. These 50 different under (and over) ground newspapers are the GI's principal weapon and more will flower as Vietnam goes on. They circulate on all bases in the U. S. and abroad. And nowhere does the issue of FREEDOM for the Blacks connect with PEACE as in the Armed Forces. The old slogan of black-and-white-unite-and-fight has become alive in the Military. GI papers tell of many incidents of such unity of purpose and action against the commonly hated war and its instigators. 'Race riots,' as the Brass puts it, do break out, but that too, in the final analysis when examined, has as its major thrust opposition to American reacism and imperialism.

"Apart from Canada, which has over 60,000 young Americans of draft-age (they have their GI newspapers too); apart from the 25,000 enlisted men held in Army stockades (doesn't include the Marines, others); there are in the U. S. itself some 30,000 GI's who in '69 deserted the Armed Forces. 'These are not the militants' to quote the Army 'because the radicals and militants stay inside the Army to undermine the Armed Forces from within.' (NY Times). It is clear that even if the GI opposition doesn't prove to be the Achilles heel of the Pentagon; even if it cannot bring a halt to Vietnam, it MUST nevertheless contribute enormously, in every meaningful sense, to

MEXICO AID MEMBERS OF U. S. ARMED FORCES

"wholesome developments for the immediate and the future. To read some of the GI's letters and articles in their papers is an education for everyone, GI or not, as one notes how non-political youth quickly develop into the most militant all-out opponents to War and Racism and Imperialism.

"It is this GI anti-war front therefore that requires some priority support. None of us would have the temerity to suggest how the GI's should run their papers or what 'line' to adopt, for their very existence established their correctness. But what they can use (not alone to survive but to expand the scope of their operations) is some solid financial assistance from us who are away from the U. S. scene and action, in the main, but who in this way can contribute to the over-all peace movement in a very, very meaningful way as indicated above.

"There is already available (some money) but there are over 50 newspapers to be covered and solid sums are still required. A complete list of all GI newspapers, everywhere, will be . . .us as we go along. Already some 9 GI newspapers have received their first contribs from here and you simply cannot imagine what a lift this had been! We want to dispense funds organizedly to all GI publications, amounts depending on size, need, effectiveness, etc. AND YOU CAN AND MUST HELP. First tackle yourself, then with names you wish to suggest (check with us first to avoid criss-cross and to insure anonymity). All of us here are now provided with great opportunity to get into the fight against the obscenity that is Vietnam. Would any of you like to get subs to any of the GI newspapers? We can arrange to have them mailed to your home.

"Now all the foregoing is not meant to downgrade other Peace work or groups, since all of it ties in and helps one another. The March Against Death, for

> "example, must have had an enormous impact on all GI's as they considered their role when reading of all those names that were dropped into a casket in the Nov. Washington demonstration.
>
> "We've put all this into writing so that you can digest, think about, it, and follow thru with this as a guide with friends (whom you can involve. Also so that you may be in a better position to suggest or comment with ideas of your own. We hope this start on the project outlined above will get underway everywhere since, unfortunately, no such organized analysis or attention, apart from bits of info from here and there, presently exists, so far as we know. Any suggestions, ideas?")

The source stated that handwritten notations appeared on the typewritten letter part of which is contained in brackets above. The source said that the following handwritten notation appears at the top of the typewritten letter as follows:

> "Can you also take this up with Kranes (use the letter) and Kranes to tackle Shenkers and Moras. Any others you all can tackle. This, as you can see, is an important work, as I see it and as we're projecting it for us people living here."

The source additionally advised that the typewritten letter is signed "Charles" and apparently refers to Charles Small.

The names Kranes, Schenkers and Moras apparently refer to Louis and Paula Krane, Rene and Lillian Schenker and Betty and Francisco Mora, all of whom are associates of the ACGM.

T-3, who has furnished reliable information in the past, advised on January 23, 1970, that Charles Small had been circulating two "underground" newspapers called "Gigline" and "Counterdraft".

MEMBERS OF AMERICAN COMMUNIST GROUP IN MEXICO AID MEMBERS OF U. S.ARMED FORCES IN OPPOSING WAR IN VIETNAM

Volume II, Number 7 copy of "Counterdraft" is dated January-February, 1970, and sells for 30 cents. The masthead reads, "Counterdraft - An Information Exchange For Draft Counselors and Resistors." It has the address "Comm Pac, P. O. Box 74881, Los Angeles, California 90004." The Volume I, Number 4 issue of "Gigline" is described by that paper as "Voice of the Fort Bliss GI." On page 20 of this paper the address is recorded as P. O. Box 31094, Summit Heights Station, El Paso, Texas 79931. T-3 made available copies of the above-mentioned newspapers.

The source additionally advised that the front page of this issue of "Gigline" has an inked notation by a person he assumes is Charles Small. This notation is "Fort Bliss, El Paso, Texas. This is one of more than 60 smaller GI newspapers ..." These papers appear to be resistance type publications within the U. S. Armed Forces containing items regarding opposition to the war in Vietnam and the Selective Service System.

T-1, T-2 and T-3 as of March 18, 1970, had no additional information regarding the activities of Charles Small or other associates of the ACGM with respect to activities to aid members of the U. S. Armed Forces in opposing the war in Vietnam.

Plan to render the draft boards inoperable. Many of us have come to the conclusion that the draft system cannot be stopped by picketing and physical blocking of the centers. We are going to strike at the SSS's most vulnerable point--bureaucracy. Every draft board must give every piece of correspondence serious consideration. Even today, the boards are months behind. Our first target will be draft boardd 82-86, which are located in one building in North Hollywood. #82 is especially important, as it is the largest one in the country and is already far behind.

PROCEDURE: Write hundreds of letters which appear at first sight to be serious business, but involve ficticious persons, draft card numbers, and addresses. Be short, precise, and serious; our aim is quantity.

A. Appeals of 1-A: these should be the most frequent, and should say in effect, "I have received my notice of 1-A and request a reclassification hearing with my board and a personal appearance with a government appeal agent." Include a draft card number. These come in four parts: (1.) The number 4 in this area. (2) Draft board number (82, etc.) (3) Year of birth--49, 50, or a few years older. (4) Any 3 or 4 digit number. Sample draft card numbers: 4-82-49-154, 4-50-85-4225, etc.

B. Dependency ~~and C. O.~~ applications: Anyone can ask for ~~C.O. and~~ dependency (III-A) forms with no penalty, even if they are not seriously considering these deferments. We can have hundreds of requests, and the boards will go crazy stuffing them in envelopes and sending them. These do not have to include numbers, as they can be sent for by under-19-year-olds.

C. Requests for information: allkinds of serious questions about status, locating missing persons, etcs. can be written. Example: I have received my notice of induction but wish to enlist. What do I do?" They are so desperate for enlistees that they will try very hard to look for your "correct" number.

D. Lost draft card or draft notice: should be written by real registrants, as well as fictitious ones.

E. Any registrant who wishes to leave the country to travel or to go to school must get permission to leave.

F. Long, involved letters concerning specific details of someone's record should be written in some quantity in very serious and legalistic language.

G. For girls: "I am 18 and due to my moral opposition to the war I am not going to register." Sign with first initial and last name, with your real address. It is reported that they have to come out and investigate.

H. Aduslt should write as parents, as well as participating in the phony business. We want all committed parents to write at least one letter a week.

I. You are required by law to inform the board of changes in health, occupation, address, and anything else that might relate to your status. Obey the law!

J. Prank letters are a lower priority. Threats of violence are not cool, but sending pictures of dead Vietnamese children every day might shake them up a bit.

Addresses: Extremely important. Each board has a distinct geographical area, which can be copied from a map we have. All return addresses should bear the name of a real street. Board 82 is the majority of the San Fernando area, ~~[illegible]~~ Chicanos and blacks live mostly in the Pacoima-San Fernando area, and in Canoga Park. Many letters should bear characteristic surnames.

VARY the content, handwriting, typing, grammar, paper, envelppes, add tone.

ORGANIZING: Get at least 10 people to meet in one house for an evening. Everyone should bring typing and writing implements, envelopes, paper. Trade off every hour or so on these materials. Set a numerical goal for the evening. Presently, letters should be addressed to 6319 Colfax Ave., North Hollywood, 91606, and the particular board (mostly # 82). Everyone should bring a buck or so worth of stamps. One group shoulc produce a couple of hundred letters in a night. The implications are obvious. (25 groups 4 times a month =20,000 items.) Similar programs are going on in New York, Chicago, and other big cities. L. A. is vital because we lose so many men. WE'VE GOT TO END THIS WAR. LET'S GET IT ORGANIZED NOW.

Synopsis: Local charges against DELLENBACH dismissed on 4/7/70, because of illegal search and seizure. Information received that ROY IRVIN MAGERKURTH has returned to his home in Moline, Illinois. AUSA TOM G. KONTOS assigned to handle case and desires to telephonically contact witnesses MAGERKURTH and ESPENSCHADE prior to issuing them subpoenas to appear before a Federal Grand Jury in Los Angeles in the near future.

DETAILS:

On April 15, 1970, JIM EDWARDS, Clerk, Downey Branch of the Los Angeles County Superior Court, advised that on April 7, 1970, in Department F, a motion under Rule 1538.5 to suppress the evidence because of illegal search and seizure was granted as to all defendants in criminal action number A410904. The record indicated that a motion pursuant to penal code section 1118, a dismissal of the original cause of action, was granted as to all defendants with the exception of DELLENBACH and GARAWAY. On April 17, 1970, the clerk of Department F of the above mentioned Superior Court advised that the dismissal motion was also granted as to defendants DELLENBACH and GARAWAY.

On April 15, 1970, Mr. WALTER LOPEZ, 9844 Shade Lane, Pico Rivera, California, advised that he is the owner of the house at that address. His daughter, KATHY LOPEZ,

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

advised that she was an acquaintance of MAGERKURTH, and that he had returned to his home in Moline, Illinois. She indicated she did not know whether or not MAGERKURTH planned to return to the Los Angeles area.

On May 8, 1970, Assistant United States Attorney TOM G. KONTOS advised he had been assigned this matter by the Chief of the Criminal Section, Office of the United States Attorney, Los Angeles. He stated he was in the process of completely reviewing this matter with the thought of presenting it to a Federal Grand Jury in Los Angeles in the near future. However, he stated before issuing subpoenas for the principal witnesses, ROY IRVING MAGERKURTH and FREDERICK WAYNE ESPENSCHADE, he wished to talk to them by telephone to make a preliminary evaluation of them, and to assure that they were still willing to testify as both had indicated.

Re Los Angeles reports of SA JAMES S. IRVING, 3/27/70 and 5/13/70.

GREGORY MERLE ROBB (SC 25-925) is still being sought as a fugitive for violation of Selective Service Act.

On 3/26/70, JOYCE MC CLENAHAN, U. S. Marshal's office, Sacramento, advised that the U. S. Commissioner's warrant against ROBB issued on 12/9/68 was still outstanding.

AUSA JAMES H. DAFFER, Sacramento, has been in telephonic contact with ROBB's attorney, Mrs. FAY STENDER of Berkeley, California, who claims that through a third party, ROBB has been in contact with her and has expressed a desire to comply with the orders of his local board provided he can be processed through a Berkeley board. AUSA DAFFER, after consultation with Major HENRY A. CARLSON, Selective Service Headquarters, has informed STENDER that such a transfer cannot be accomplished inasmuch as ROBB is being sought as a fugitive. Mr. DAFFER has suggested to Mrs. STENDER that it would be in the best interests of her client for him to surrender himself to the FBI.

Sacramento is in periodic contact with ROBB's stepmother and the San Francisco Division is presently conducting an investigation to locate ROBB in the Berkeley area. Any significant developments in the ROBB case will be brought to the attention of the Los Angeles Division.

FEDERAL BUREAU OF INVESTIGATION

Date April 21, 1970

Private KENNETH GENE SHINEFLEW, Marine Corps Serial Number 2659510, assigned to the Correctional Custody Platoon, Marine Corps Recruit Depot, San Diego, California, was interviewed and furnished the following information:

On Friday, March 20, 1970, at 6:00PM, SHINEFLEW accompanied by an individual known only to him as "Dusty" went AWOL from A Company, Platoon 1041, 1st Recruit Training Battalion, Marine Corps Recruit Depot.

They climbed over a fence across from the construction company area to get off base and shortly after climbing the fence they found four 18 year old individuals in a shack. This shack is located about 600 yards from the base near a bowling alley. The four boys were sniffing glue and when DUSTY and SHINEFLEW approached them and stated that they were AWOL from the Marines, the four boys stated that they would help them. The boys then stole two bicycles for them on which they got away from the base. Two of the boys were negroes and two were white. The boys stated that they lived nearby and pointed out their homes from the vicinity of the shack. One colored boy and one white boy stole the two bikes. One of the colored boys had on a "cowboy" type hat and they wore blue jeans and short sleeved shirts. Their hair was medium length. The boys stole the bikes from some where across the Mission Bay Boulevard.

SHINEFLEW and DUSTY pushed the bikes up a hill about one block east of Mission Bay Boulevard where they saw a boy about 6' tall dressed like a hippie with blond hair down to the middle of his back. He was with a girl dressed in bell bottom slacks and a poncho type jacket, psychedelic color. She had dark hair which was cut in a "pixie" type haircut. Neither the boy or girl wore a hat. These two individuals were told that SHINEFLEW and DUSTY were AWOL from the Marine Corps at which time they stated they would

help them. When they met them they were at a brick church with bushes around it with a gas station just down the street. They walked north for two blocks, crossed the street and walked another half block where the girl left for a few moments and returned with a blue 1957 Chevrolet. The car had four doors and an unidentified individual was in the rear seat who appeared to be drunk. Several empty Coors beer cans were on the floor in the back seat of the car. The girl drove the car and the boy who had been with her and DUSTY and SHINEFLEW talked while the girl drove to a nearby greyish stucco house on a corner with Oleander bushes around it. The house was a one story house in a nice neighborhood. On the way there the boy who had been with the girl told them he played a bass guitar. At the house where they were taken there was a woman 35 to 40 years of age with blondish dishwater colored hair who wore a shift type dress. She had a 14 year old daughter who was an excellent chess player, because she was able to defeat SHINEFLEW in several games even though SHINEFLEW had been taught to play chess by an individual who is a professional chess player. After arriving at this house the boy and girl who had brought them there had taken off in the 1957 Chevrolet. The woman and the girl had a white and black cat. SHINEFLEW and DUSTY stayed at this house only for a couple of hours. Shortly after they arrived there the woman called an individual she referred to as "Rabbit". The woman was told that SHINEFLEW and DUSTY were AWOL when they arrived at her house. When the woman called "Rabbit" he stated that he would help them and would be there in about five minutes. While waiting for him SHINEFLEW played chess with the 14 year old girl who had long hair to the middle of her shoulders, was good looking and wore blue slacks and red sweater. While there the woman said they had helped five AWOLs and that two of them had gotten completely away. The woman said they believed in what they were doing, in going AWOL, because they did not believe in war.

Shortly a woman named DOROTHY and her husband arrived in what was believed to be a white Volkswagen van. The van had a baby car seat in it. DOROTHY had a"Pixie" type haircut, brown hair, and was dressed like a housewife. She is married to a white male who has long hair and was wearing a white shirt, white levis and tennis shoes. As soon as the Volkswagen arrived, SHINEFLEW and DUSTY got into the back of the van and sat on the floor between the seats as they were told the area they would be going through would be an area with "cops". DOROTHY drove the van and her husband talked about what it was like to be free.

SHINEFLEW and DUSTY were taken to "Karen's" house. This is a brown wooden house with a brick foundation, one story with a patio in the back. There were orange, tangerine and lemon trees in the back because KAREN at first wanted them to pick some of the fruit, however, they did not do so. KAREN drives a white Rambler American two door automobile. While at KAREN's house they folded a large number of letters or papers. The papers were blue and were folded in half by DUSTY and SHINEFLEW after which KAREN put a stamp and an address on each sheet. The paper involved something like a Community Youth Center activity. KAREN said their Community Youth Center had been chased or kicked out of Mission Beach because people there did not like it because of the long haired individuals who frequented the youth center.

KAREN is a dark blond with a good figure who has been married and has a young boy about six years of age who wears his hair long. Her husband sends her money and she has a boyfriend who works at a white building which appears to be a tavern, believed to be the "White Whale". This individuals has long bushy brown hair which is dirty and a beard.

Another boy with straight hair parted down the middle and a mustache came in at 2:00AM and stayed with KAREN. He plays somewhere in a band.

"Rabbit" who works at the Community Center has long brown hair with greyish stipes which is parted in the middle and a mustache and beard. He is about 5'9" tall, thin, about 40 years old.

"Rabbit's" wife is fat and wears hippie type clothing and an Indian head band. She weighs 190 pounds, 5'7" tall, about 37 years old. She has brown shoulder length hair.

"Rabbit" and his wife were at KAREN's house and delivered the blue papers which they helped fold. They talked of getting ready to open a new community center for the kids at Mission Beach and "Rabbit" and his wife left about midnight.

SHINEFLEW and DUSTY stayed overnight at KAREN's house. On the following morning they left in KAREN's white Rambler driving to the "White Whale" in La Jolla where they picked up her boyfriend, and then after stopping in downtown San Diego they drove to a place in Jamul and stayed with an individual called SHAWN. To get to SHAWN's place they drove out Highway 94, turning right on Campo Road. They turned left at a road with the sign saying "Private Property" and drove to the second place on the right side of the road which has a big round rock about the size of a bowling ball on top of a post. The drive to this location was approximately one hour but included a stop in downtown San Diego. SHAWN has a bank account at the Savings and Loan Building in downtown San Diego which is about six stories high.

SHAWN lives in a place where you enter a gravel driveway and where Deerhorn Valley is behind his place. When SHINEFLEW and DUSTY arrived they were preparing to have some type of band concert where several bands would play. About 100 kids driving Volkswagen buses and other camper type vehicles arrived to hear the bands and stayed overnight. There was considerable smoking of marijuana and one individual rolled cigarettes as fast as he could roll them after which he would light them and pass them on to someone else. They all slept in their Volkswagen vans or on the floor in the ranch house. The ranch house is a wooden building, brown in color.

SHAWN was a decently dressed young man with short brown hair, 6'3" tall, who wore blue jeans and a shirt. He had a 250 cc Honda motorcycle and a blue and white Volkswagen van at the ranch house.

Two boys and one girl lived at the ranch house with SHAWN. When SHINFLEW and DUSTY arrived at SHAWN's place, his wife, a school teacher was there with him. She left that night to go back somewhere in the mid-west where she teaches school. The girl that was there was a girl named DIANE who had long black hair, was about 6' tall and 22 to 23 years of age. One of the boys living there was named TOM who had long brown hair and a mustache. He was 5'6" tall and works in a restaurant. He drives a Honda motorcycle with a box on the back and said he was going to Mexico to bring back about $500 worth of marijuana. The other boy whose name is unknown had black hair, a dark complexion, was about 6'3" tall and had a green MG automobile.

SHAWN and everyone else at his place knew SHINEFLEW and DUSTY were AWOL from the Marine Corps and were willing to help them. They stayed at SHAWN's place for two nights, on Saturday and Sunday, March 21 and 22, 1970. While there SHINEFLEW telephoned his parents, Mr. and Mrs. KENNETH D. SHINEFLEW at 3207 5th Avenue, Des Moines, Iowa, 243-4740. He also telephoned his girl friend, MARY BECK, 670 West 38th, Des Moines, Iowa. Both calls were collect calls.

SHAWN drove SHINEFLEW and DUSTY to San Diego on Monday, March 23, 1970, in the blue and white Volkswagen van, to the Message Information Center. When they stopped in front of the Message Information Center and were still in the van, SHAWN inquired as to what they wanted to do and DUSTY stated he wanted to go on (to Canada or Mexico) and SHINEFLEW stated he wanted to return to base. They then went into Message Information Center where they walked inside the front door where there was a desk, file cabinet and a couple of chairs. They were told to go no further and a man who appeared to be a priest or minister whose name was MIKE

DE VORE who had long hair, sandy in color, talked to them saying "You guys are AWOL?" He then said he could get DUSTY a ride to Los Angeles and from there he can get a ride to Canada. He asked SHINEFLEW if he was sure he wanted to go back and at that time he said yes he would like to go back to the Marine Corps and DE VORE stated he could get someone to help him.

DE VORE, DUSTY, SHAWN and SHINEFLEW and another young man they had picked up in San Diego then re-entered the blue and white Volkswagen van and drove to DE VORE's home. In route DE VORE had the driver let DUSTY off at a shabby=looking house where he was to get a ride to Canada. While driving towards this house DE VORE and SHAWN got very nervous because two police cars passed them. When they reached the house DE VORE and DUSTY went inside and DE VORE came out and said "let's go".

They then drove to DE VORE's home and DE VORE and SHINEFLEW got in DE VORE's white Rambler and SHAWN and the other young man they have picked up in the Volkswagen van left.

DE VORE drove SHINEFLEW to a Rabbi ROGERS who is a Chaplain in the Marine Corps. Rabbi ROGERS drove SHINEFLEW to the Marine Corps Legal Office where he was then returned to custody of the Marine Corps. While SHINEFLEW was in DE VORE's presence DE VORE told him not to even say that he knew the Chaplain and SHAWN told him not to tell anyone anything. KAREN had told SHINEFLEW and DUSTY not to talk to anybody. SHINEFLEW had a blue card with the telephone number of Message Information Center and DE VORE told him to keep the card with him and not to say anthing to anyone about it except another Marine who was going AWOL and to give him the telephone number because he could be helped by Message Information Center. These individuals including DE VORE indicated that they had been contacted by numerous persons in an AWOL status and had helped them.

Private SHINEFLEW advised that he would be willing to testify in a court of law against any of the individuals described above.

The following description of Private SHINEFLEW was obtained through observation and interview:

E. ASSISTANCE TO AWOLS, DRAFT DODGERS AND DESERTERS

Special Agents of the Federal Bureau of Investigation while conducting an investigation at 3722 Alabama Street, San Diego, California, in an effort to locate and apprehend one [redacted] wanted in connection with a Selective Service violation, located a brochure captioned "Fact Sheet on Canadian Immigration", in a trash can located adjacent to the residence, along with other papers and trash from the residence. The Fact Sheet presented Immigration data for the benefit of those "who face the moral dilemma raised by the Vietnam war and the Selective Service System and specifically those men who feel this dilemma as members of the U.S. Military system". The residence at 3722 Alabama had been occupied by [redacted] and his girlfriend, [redacted] Upon learning the Federal Bureau of Investigation was seeking the location of [redacted] DONALD MORGAN, not otherwise identified, assumed residence at 3722 Alabama and removed clothing and property of [redacted]

A Xerox copy of the brochure follows:

FACT SHEET ON CANADIAN IMMIGRATION

This memo should not [illegible] interpreted in any way as advocating emigration to Canada for citizens of any country. The purpose of this memo is simply to give information about an area in which much misinformation is currently found. The Ministry to the Resistence, in fact, strongly recommends to all who are considering emigration to Canada that they inform themselves better about the possibilities of resolving their problems through such steps as filing for conscientious objector and so forth. Large numbers of men, civilian and military of U. S. citizenship have gone to Canada only to find that this was no answer to their problems and upon returning to the U. S. have found themselves in even greater difficulty.

This memo is specially addressed to ministers who might find themselves in the position of being asked for counsel from young men or families interested in going to Canada. Such information should be available but always the cautioning note should be added by the counselor that there are almost always other answers available than leaving one's country.

ADVANTAGES

There are many factors which make Canada an attractive country for relocation. These factors include: the proximity of the U.S./Canadian border, the financial feasibility of relocation, the existence of various groups offering assistance, similarity of language and culture, etc. Probably the greatest single factor for many is that Canada has no treaty with the U. S. which covers extradition for an offense relative to the selective service system or the military system. This means that a draft evader or even a deserter is safe and can live legally in Canada.

DISADVANTAGES

Although many young Americans have chosen Canada as an alternative, some have discovered that this alternative presents difficulties. The major disadvantage is that the individual cannot return to the U. S. without facing the consequences of his action. An important factor to consider is that the U. S. has never given amnesty to its war or draft exiles and there is no reason to assume that this policy will change. In addition, there are problems of adjustment which are inherent in any relocation, problems which some have found difficult to cope with.

CANADIAN IMMIGRATION POLICY

The Canadian Government has recently clarified its immigration policy with regard to those Americans who face the moral dilemna raised by the Vietnam war and the selective service system, specifically those men who face this dilemna as members of the U. S. military system.

On May 22, 1969, Allen MacEachen, Minister of Immigration, made the following announcement:

> "Membership in the armed service of another country or desertion if you like, potential or actual, will not be a factor in determining the eligebility of persons applying for landed immigrant status in Canada, whether such persons apply from within Canada at points of entry, or at Canadian immigration offices abroad."

Later he said:

> "Our basic position is that the question of an individual's membership or potential membership in the armed forces of his own country is not a matter in which we should become involved."

Therefore, an American who is classified 1-A, or who has received a notice to report for his physical, or who has refused induction or who has jumped bail, or who has served time already for non-compliance, or who has deserted, has no greater difficulty - formally, at least - in entering, and remaining in Canada, than does any other American.

LANDED IMMIGRANT STATUS

Most of the people who have chosen Canada as an alternative seek a Landed Immigrant status as soon as possible after entering Canada. A Landed Immigrant is anyone who has been lawfully admitted to Canada for permanent residence. After a Landed Immigrant has lived in Canada for any five out of eight years, he is said to have received domicile and is thus eligible for Canadian citizenship.

ELIGIBILITY FOR LANDED IMMIGRANT STATUS

A person's eligibility for landed immigrant status is measured in accordance with the following point system:

1) EDUCATION AND TRAINING: 1 unit for each successfully completed year of formal education and for each year of professional, vocational and formal trades training, apprenticeship, up to a maximum of 20.

2) PERSONAL ASSESSMENT: Adaptability, motivation, initiative, etc., assessed during interview with immigration officers; maximum of 15.

3) OCCUPATIONAL DEMAND: Assessed according to demand for occupation applicant will follow in Canada; maximum of 15.

4) OCCUPATIONAL SKILL: Assessed according to the highest skill possessed, ranging from a maximum of 10 units for the professional to one unit for the unskilled.

5) AGE: 10 units if the applicant is between 18 and 35; 1 unit deducted for each year of age over 35, to maximum of 10 deductions.

6) ARRANGED EMPLOYMENT: 10 units if applicant has arranged employment in Canada with reasonable prospects of continuance.

7) KNOWLEDGE OF ENGLISH AND FRENCH: 10 maximum; 5 units for English. An American who speaks or reads French well can get 2 units for this facility.

8) RELATIVES IN CANADA: Where applicant has a relative in Canada willing to assist him in becoming established who is eligible to sponsor or nominate him but is unwilling or unable to do so, he gets 5 units if the applicant's destination is the city in which the relative lives, and 3 units if his destination is to another place.

9) EMPLOYMENT OPPORTUNITIES IN AREA OF DESTINATION: Maximum of 5 units.

The maximum number of points possible is 100 and you must get 50 units in order to be judged "likely to establish yourself successfully in Canada".

An immigration office[illegible]an decide to accept an applica[illegible] who gets less than 50 points or he can reject an applicant who has more than 50 points, but he must state his reasons in writing and get the approval of a supervising officer. If the applicant is refused, he or she can appeal the decision.

PROHIBITED CLASSES

Another factor affecting eligibility are the prohibited classes. There are certain classes of people that are prohibited under the Immigration Act from entering Canada. These include:

1) Persons who have ever been members of, or associated with, organizations subversive to democratic governments.

2) Persons who are known to have been involved with drugs, including marijuana. If 5 years have passed since such activity, one may be admissable.

3) Persons who have been convicted of or admit have committed any crime involving moral turpitude. In addition, prostitutes, homosexuals, chronic alcoholics, and "persons who are...or are likely to become public charges".

With the possible exceptions of involvement of marijuana, conviction of a crime, and being a public charge, it seems unlikely that anyone would be both acceptable to the army and fall into a "prohibited class".

PROCEDURES

There are three procedures by which one can apply for landed immigrant status:

1) IN PERSON, AT THE BORDER: An application can be obtained from a Canadian consulate, filled out, andthen presented at a border immigration office. Under these circumstances, if the application is not accepted, the applicant will be turned back into U. S. territory.

2) BY MAIL, FROM OUTSIDE CANADA: One can get the application form either from a Canadian Consulate in the U.S. or by writing to an Immigration Department officer in Canada. The completed form can be mailed to the regional office nearest the city in which one plans to settle. If the application is approved, the person becomes a landed immigrant at the border by presenting a certificate of acceptance. This process takes several months. If a person does not enter Canada within a reasonable amount of time, he must re-apply.

3) IN PERSON, FROM INSIDE CANADA: This is the procedure which is followed by most of those persons who have chosen Canada as an alternative to the selective service system and the military system. The initial entrance to Canada is usually made as a visitor. Once inside Canada, a person can contact an aid group to receive help with immigration.

The procedure of entering Canada as a visitor is usually a simple matter. Anyone who dresses and presents himself or herself in a conventional manner has little difficulty. Those who have been through this procedure report that it is easier to cross the border as a visitor if you:

1) Cross by car as opposed to bus or on foot.

2) Offer non-military and non-selective service identification. A driver's license or birth certificate will serve as proper identification.

3) Avoid bringing narcotics, weapons, food or animals through border stations.

4) Cross the border in largely populated areas during a busy time of day.

5) Tell the guard that you will be staying for only a few days, tell him your destination, preferably a large city near the border like Montreal, Toronto, or Vancouver, and have with you enough money (at least $15 a day) to finance your visit.

6) If you are in the military it is easier to cross when on leave.

DOCUMENTS REQUIRED FOR LANDED IMMIGRANT APPLICATION

There are certain documents, papers, etc., necessary for immigration to Canada. Most people compile these papers prior to entering Canada (this is the best procedure), however some send for them from inside Canada. The necessary documents include:

1) Birth Certificate with valid official seal
2) High School Diploma
3) Proof of other education received including college, military schools, apprenticeships, etc.
4) As much money as possible. Also, proof of any other financial ownings: stocks, bonds, savings accounts, etc.
5) Any documents concerning the person's good character, including military ones.
6) A job offer from business in Canada.
7) Any letters from former employers, clergymen, etc., with reference to past employment, labor skills, character, etc.
8) If married, your wife can apply with you and proof of marital status is needed.
9) Any court proceedings concerning divorce or separation, legal documents, etc.
10) If travel to another country is possible, a U.S. passport is needed.

FE RAL BUREAU OF INVESTIGATION

Date April 17, 1970

BARRY FRANKLIN BUTLER, SR., in care of The Lord's Fish House, 6152 Nancy Drive, San Diego, California, was interviewed on April 10, 1970, after he read and signed a Rights and Waiver form. He furnished the following information:

He was formerly employed at a Shell service station located below the freeway just south of the Marine Corps Recruit Depot (MCRD). This station was operated by RON POWERS, and BUTLER was employed there during March 1969.

BUTLER recalls that a large number of individuals believed to be Marines assigned to the MCRD came into the station, and on one occasion three Marines who were Absent Without Leave (AWOL) came into the station. Two were wearing civilian clothes and one had on his Marine Corps uniform. One of these Marines intended to return to the Base, and one of the others said that someone from the "Underground" was coming to the station to pick them up. One of these individuals was blond and about 5'6" tall. BUTLER could not recall the description of the other two. He talked to the blond AWOL Marine for some time, trying to encourage him to return to the Base as he, BUTLER, had himself obtained an Undesirable Discharge from the Marine Corps and he tried to point out the disadvantages of such a discharge to the AWOL Marine.

After a period of time, two individuals driving a black Volkswagen automobile, which possibly had mag wheels, drove up to the station, and the three AWOL Marines got into the car and it drove off. The driver of the Volkswagen was about 5'11" tall, had a heavy build, brownish-blond hair with a braided cloth tied around his head. He had a full, bushy beard and was dressed with "hippie-type" clothing. He was about 24 or 25 years of age. The other individual who stayed in the car had brown hair, a brown goatee, and long sideburns. This individual wore glasses, and he stayed in the car; therefore, he could not be further described.

BUTLER stated that at no time has he ever given clothing or help to any individual who is AWOL from the military. He said it is possible that an individual who took over his job when he left the Shell station in March could have been the one who gave clothing to [redacted] at the Shell station. He described this individual as having black hair, 5'10" tall, medium to heavy build, and driving a red Jeep.

BUTLER stated that he had obtained an Undesirable Discharge from the Marine Corps after conviction for a civil defense of concealing stolen property. This involved a sawed-off shotgun which he had in his possession after another individual stole it. BUTLER stated that he had been AWOL while in the service.

COUNSELING SERVICE

Are you questioning your participation in the military and do you care about human life?

THERE IS AN ALTERNATIVE: if you are opposed to WAR [indescriminate and programmed killing] and cannot, because of your basic beliefs participate in these acts--you may apply for discharge or transfer to non-combatant status by reason of conscientious objection while you are in the military.

YOU NEED NOT BE A MEMBER OF AN ORGANIZED CHURCH!-- "A sincere and meaningful belief which occupies in the life of it's possessor a place parallel to that filled by the God of those qualifying for the exemption [conscientious objection] .." will be considered as a result of a court decision in U.S. vs Seegar 380 U.S. 163 [1964].

MILITARY REGULATIONS OFFER A NUMBER OF OTHER ALTERNATIVES by which a serviceman can be discharged, ranging from hardship to physical disability. The West Coast Counseling Service informs men of their rights and helps them, free of charge, to obtain these rights.

FOIA(b)(6)
FOIA(b)(7) - (C)

[redacted] was interviewed at SU-1, H & S Company, 5th MEB, Camp Pendleton, California, and furnished the following information:

[redacted] went AWOL June 2, 1969, from Ft. Belvoir, Virginia, where he was attending a photograph school for the Marine Corps. He did not know anyone who could help him to Canada so he hitchhiked to the Canadian border. While attempting to approach the Canadian border to make entry, he was stopped at Buffalo, New York, and on the Rainbow Bridge near Niagara Falls by Border Patrol Officers. On both occasions the officers asked him questions and finally released him. He was successful on one occasion in reaching the Canadian border after crossing the Rainbow Bridge but was stopped by Canadian officers who inquired as to his financial status, where he was going and why he wanted to enter Canada, after which they turned him back because he did not have enough money.

On Tuesday, possibly June 4, 1969, [redacted] and another AWOL serviceman from the U. S. Marine Corps, [redacted] [redacted] crossed the Rainbow Bridge and approached the Canadian Immigration Station. They had a total of $50.00 and told Immigration Officers that [redacted] was born in New York City and [redacted] was born in Niagara Falls and that they wanted to cross into Canada on personal business and would return in one hour. They were allowed to cross the border into Canada.

[redacted] said he "floated around" for a while in Toronto, Canada, and finally got in touch with a group of private individuals and AWOL military servicemen from the U. S. Army who allowed him to live in their house and furnished him food and lodging. [redacted] said he could not recall that this group had any particular name and he would not furnish the names of any individuals. He said there were large numbers of AWOL military servicemen in Toronto. During the time he was in Toronto, he got a few migrant laborer jobs which were plentiful in the area.

When the weather started getting cold, [redacted] headed toward Western Canada finally winding up in Vancouver, British Columbia. He had no help during this trip and made his way by hitchhiking. While in Vancouver, he found a place to stay with another group of individuals. He does not believe that they had any collective name and many of them were servicemen who were absent without leave from their units. This group of individuals did a great deal of talking in favor of MAO TSE TUNG and Communist-oriented political matters. He said, after some time in this area, he could not stomach this type of talk and left, staying at several "crash pads" during winter.

During the spring his parents learned, somehow, of his whereabouts and came to Canada to visit him. They convinced him that he should return to his unit and, after returning to their home, they sent him a plane ticket which he used to return to Fresno, California, where he turned himself in to military authorities at Lamor Naval District near Fresno, California, during March 9, 1970.

[redacted] stated that he was never helped by anyone in the United States during the time he was absent without leave.

Attn: AUSA Thomas E. Kotoske

Dear Mr. Meyer:

On August 20, 1970, Assistant United States Attorney Thomas E. Kotoske discussed captioned matter with SA James S. Irving of our office. Mr. Kotoske advised that he had thoroughly reviewed the facts involving the registrants who were processed at Albuquerque, New Mexico, and had researched the law with these facts in mind.

Mr. Kotoske's careful review centered on three possible violations of United States Code, Title 50 Appendix, Section 462. These violations and Mr. Kotoske's opinion of the prosecutive potential of each is as follows:

(1) To knowingly make or be a party to a false mental or medical report is an offense within the applicable statute; however, medical or mental evaluations are subjective conclusions which cannot successfully be disproved beyond a reasonable doubt. In this instance, there is evidence that Dr. Ross is a good psychiatrist who perhaps

relied too heavily on medical and mental evaluations obtained by the registrants in Los Angeles. Because of the inability to disprove these subjective evaluations, it would not be possible to prove that specific attorneys aided and abetted the persons submitting these false mental of medical reports without first proving that such reports were in fact made.

(2) Another possible violation would be the receiving of remuneration by someone within the Selective Service System, thereby allowing a registrant to escape his responsibilities. There is no proof in this instance that Dr. Ross obtained any funds from registrants or attorneys or any remuneration other than his standard fee from the Selective Service System for his medical services. Lacking this one could not possibly convict those submitting outside mental or medical evaluations or the attorneys for aiding and abetting.

(3) The other possible violation would be the interference with the administration of the Selective Service Act. In these Albuquerque cases, the attorneys merely short circuited some of the standard Selective Service procedures by writing directly to the Surgeon General in Hampton, Virginia, rather than going through the local induction stations. They used procedures that were available in the system itself. Mr. Kotoske said that it would be practically impossible to convict an attorney for advising a registrant to go to Albuquerque for processing if such a procedure were available through the system itself. Mr. Kotoske cited case law wherein a state legislator was found not to be in violation of the Selective Service law for advising a registrant not to report for induction.

In view of the above, it is apparent that no further investigative effort should be expended in this matter and our office is considering this matter closed.

Very truly yours,

WESLEY G. GRAPP

The following investigation was conducted by SA JOHN M. ALBERT:

AT DOUGLAS, ARIZONA

On July 22, 1970, DEL BOHNSALK, Deputy Sheriff, Cochise County Sheriff's Office (SO), Douglas, advised that KAREN DELLENBACH is one of five or six young hippie types from Los Angeles, California, who had been living on a ranch at Paradise, Arizona, an isolated location in the Chiricahua Mountains in southeast Arizona. He said this ranch is owned by one WALTER BOWART of Tucson, Arizona, who let these hippies live at his ranch. He advised that the leader of this group is one WILLIAM DAVID GAROWAY of Los Angeles and DELLENBACH is his girl friend.

He stated on May 16, 1970, Deputy ROBERT HOWARD, Cochise County SO, Sierra Vista, Arizona and ERNEST W. KUNEL, forest ranger, visited this ranch and talked with the residents, and after a while one of the residents, one [redacted] sold HOWARD two pills which later proved to be LSD.

FOIA(b)(6)
FOIA(b)(7) - (C)

On May 27, 1970, a local search warrant was obtained and on May 28, 1970, a raid was made on the ranch at Paradise by seven deputies of the Cochise County SO.

At the time of the raid, the following persons were identified as residing on this ranch:

WILLIAM DAVID GAROWAY
DAVID MARK SEFFINGER
ROBERT PAUL ZAUGH
STEPHEN ROBLEY EVANS
SANDRA EILENE BARON
LAURA SUSAN PEARCE
MALCOLM DAVIS DUNDAY
WILLIAM MARK SCHNEIDER
EVELYN TINA SPIRE
WILLIAM ARLIN SPIRE
KAREN DELLENBACH

BOHNSALK advised during the search of the premises the deputies found pills which later proved to be LSD and marijuana and arrested WILLIAM and EVELYN SPIRE and KAREN DELLENBACH for possession of these items. He advised all subjects were released on bond and are awaiting trial on these charges.

BOHNSALK furnished the following description of DELLENBACH from his files:

Name	KAREN ELAINE DELLENBACH
Race	White
Sex	Female
Nationality	American
Date of Birth	[redacted]
Place of Birth	[redacted]
Height	5'4"
Weight	110 lbs.
Hair	Light brown, cut short
Eyes	Hazel
Father	GLENN DELLENBACH
Home Address	873 N. Town, Pomona, California

FOIA(b)(6)
FOIA(b)(7) - (C)

Deputy BOHNSALK made available two statements written by KAREN DELLENBACH, one to GEORGE MARTIN, Justice of the Peace, Douglas, Arizona and another entitled, "The Place Psychedelics Have in My Life."

Deputy BOHNSALK further advised that BOWART ordered GARAWAY and his group of hippies, including DELLENBACH, to vacate his ranch and that they all did depart and went further into the mountains. He said they are all now camped in the vicinity of an isolated camping area known as Russler's Park and they are using an old battered bus. He said DELLENBACH has assured him that she will remain in the area until her case comes up for trial. He said the forest rangers are keeping track of this group and so far they have made no attempt to leave. He said DELLENBACH also told him of plans she has to visit Expo '70 in Osaka, Japan.

On August 7, 1970, Deputy BOHNSALK advised that on August 6, 1970, the Cochise County Attorney's Office ordered that all charges against the SPIRE couple and DELLENBACH be dropped because of lack of evidence. BOHNSALK advised he visited Russler's Park on August 5, 1970 and the bus belonging to the DELLENBACH group was still there but none of the members of the group were in the area and they are believed to be camping further into the mountains.

AT SIERRA VISTA, ARIZONA

On July 21, 1970, CARROLL FAINE, Cochise County Sheriff's Office, Sierra Vista, who is a specialist in narcotics activities in Cochise County, advised that he is well acquainted with the group of hippies and young people, including the subject, who were living at Paradise Ranch on the Chiricahua Mountains. He said the leader of this group is WILLIAM DAVID GAROWAY and his girl friend is the subject. FAINE said he does not believe this group is politically-oriented nor subversive other than that they oppose the U. S. involvement in Southeast Asia and the draft

The Place Psychedelics Have in My Life

I feel that if I am to give you an idea of what and who I am, Mr. Martin, I must include my feelings about "drugs".

When I speak of drugs, I mean mainly the consciousre ss-expanding substances subh as LSD, mescaline, psylociben and peyote. (Ihave never used speed, herion, uppers or downers.)

I, at one time, used marajuana and hashuish, but do not any more. I once found these substances pleasureable and beneficial, but now I feel I've gotten all the positive value from them that I can and so I do not use them now.

The harmlessness of marajuana and its derivative hashuish has pretty well beenestablished, (see Scientific America article of a few months ago) and I'm sure that it will be soon legalized.

As I'm sure you know psydelics are physically non-addictive. The harmful side-effects, if any serious ones exist, remain in a haze of prejudice, fear and controversey.

I recently spoke with a doctor who was in charge of (for 3 years) one of the few legal research projects on LSD.

I asked him what his findings were, and he said this:

1. LSD will use up large amounts of vitamins and is exhausting. After using LSD, a person should eat well and rest.
2. LSD is one of the finest pain-killers he knows if. He administered LSD to dozenseof terminal cancer patients. Nearly all of their experiences were positive ones, and they seemed to be better able to accept their death and find more interest in what life remained to them, after using LSD. He found that it relieved all pain without [illegible] of any other pain-killer for up to 23days.

3. The doctor said that not everyone should use LSD un-supervised. He said that he feels it can be extremely beneficial in helping mentally disturbed and emotionally disturbed people if they have the proper quidence.

4. The doctor said that he feels "true religious-mystical experiences are entirely possible through the use of LSD if that is what a person seeks.

5. He said that the most dangerous aspect of using LSD is that one might be arrested.

This doctor is now employed by one of the largest churches in San Francisco. This job is guiding protestent clergymen and laymen who have never had a "drug" experience. He is giving them LSD.

When I say I use psycedelics, I want to make it clear that I use them sparingly. Since I've been at the Ranch (Since Jan.) I've used them not more than 5 or 6 times.

Why do I use them?

In buddism and yoga, the devvotee seeks enlightenment or perfect union with god. This is accomplished through various practices (meditation, yota) and diciplines. (none-possession, to enlightenment, one's consciousness is raised (many times through mystical experience.) and one begine to understand himself and his relationship to god more clearly.

One of the things which psychedelics do is open the door to the Uncon-cious mind. Man only uses about 1/5 of his brain. Psychedelics enables one to have access to some of the other 4/5 of the mind.

Eastern teachers often give their deciples mind-expanding herbs to assist them on the Path, if the teacher must leave them.

Thus, in essence, there is a rise in the level of one's consciousness while on a psychedelics, due to this access to more brain power and the Unconcious.

This is why I use Psychedelics.

In the past 2 years I feel I have learned much from my experiences with "drugs" and have been able to incorporate most of these lessons into my daily life.

I have seen many of my "hang ups", my ego games, my fears and their sources.

I have experienced incredible telepathic communication with other people while using LSD.

I have seen that all creations is made up of energy of varying vibrations and thus of various forms. I have seen that all things are of this one energy and thus are One. This is probably the most profound lesson I have learned. Thus, I cannot do anything else but try to be as loving and kind toward all life as I can be, since I am All Life. Or as the Beatles say:

> "I am you, and you are me, and we are we, and we are all together."

I think the main reason some people are hurt by psycedelics is NOT because of the psycedelic itself, but because they are not able to accept or incorporate the lessons they experience into their daily live . To incorporate lessons is to change, and to change can be very painful.

There are many things that are legal that are known to be harmful. Cigarettes for example. Or asprin. (In England, a skull and cross bones will soon appear on all bottles to warn people of their danger), Alcohol.

All through history people have used things to alter their consciousness. Coffee, Tobacco. Alcohol. Always at first these things were considered evil and were outlawed. But eventually they were legalized and accepted.

7

I fell that there is enough beneficial value in the psycedelic experience to warrent my using min-expanding substances.

One receives what one puts into something. If a person is taking a drug in large quantities just to get stoned, feel goofy or freak out, then he won't learn much from the experience. This is what I would call drug abuse.

But if one is using psycedelics in seeking god and thus trying to learn to be a better person, then I feel this is not abuse and that a person should be able to use psycedelics and as a religious sacrament.

I want to make it clear that I have never tried to "push" "drugs" onto anyone.

I am sure there will be a time when I will have learned all I can by using psycedelics. When this time comes, I will cease to use them just as I ceased using marajuana.

I do not claim that using mind-expanding substances is the only way to "see god", but it can be a stepping stone on the Path.

This is the place that psycedelics have in my life.

Dear Mr. Martin,

This letter is written in the hope that after reading this, you will be better able to see me as not simply a defendant, but as a person.

During the last 1½ years I have witnessed 15 or 20 jury trials in the Federal and Superior Courts of Los Angeles and have always been struck by the fact that a judge seldom has the opportunity to know ther person who is on trial.

Knowing the whole person instead of a tiny fregment of that person's life (i.e. arrest and defense) seems to be of vital importance in order to wisely pass judgment on a defendant, (after all, if a sentence is imposed, it would certainly effect one's entire being, so it would only seem logical to take the entire human being into consideration before making that judgment).

Thus, this letter is about myself.

I'm from Pomona, Calif. where my parents still live. My father is a retired school teacher, My mother is a housewife.

After graduating from high school, I received 2 scholorships to attend Chapman College in California.

After 2 years at Chapman, I transferred to UCLA and majored in art, art history and minored in biology for another 2 years.

All through high school and college I worked to pay expenses, earning nearly all the $3,000.00 my education cost.

After college, I worked full time for a professor and several clergymen from several denomination sho were involved in non-violent organizing for peace.

Through my work with them, I came to the relization that peace will only exist when each of us lives a peaceful, loving life in all circumstances.

I tried to make non-violence, love and hope the cornerstones of my life.

After 2 years of peade work, I felt more and more that there were many things that I talked to people about which I really wasn't practicing my own life.

Thus came the move from busy, smoggy, crouwded Los Angeles to peaceful Paradise and a chance to begin practicing what I believed.

My diet changed from super market-type foods to organically grown vegetables, fruits and grains. I now make my own bread and yogurt. I eat mainly raw foods and for 1½ years I have been a vegetarian.

I feel that if one is really healty, then one will have more energy to give to the things which are important.

I became a vegetarian because I did not feel it was right for me to eat animals. I have always lived with several types of animals and my love for them makes it impossible for me to kill them. So - why should I eat animals that other people kill? (supermarket meat). That's like letting someone else do my dirty work for me, which doesn't seem right.

My awareness of our ecolorgical crises has also created changes in my life style.

I eat nothing from cans. I use bio-degradable soaps and detergents in order to not pollute water. I try to use a car very sparingly in view of the air pollution problem. I try not to waste anything. I put garbage in a compost heap for our organic garden. I try not to buy products which cannot be broken down naturally. (I.E. Plastic, aluminum)

I also try to encourage other people to do likewise.

One of my skills is tha of vegetarian cook. Last year I traveled around Calif. with a group of friends who wanted to introduce people to organic foods alternate life styles and non-violence. We sang danced, talked, and fed hundred of people for free at different colleges and towns. (We even entertained at Safford Prison on 2 different Easter Sundays.)

Two months ago a group from the Ranch went to Grinnel College in Iowa and prepared an organic meal for 700 students as part of National Ecology Week and Earth Day.

At the Ranch I also practiced yoga (meaning "union with god") each morning, and meditated.

All of the above things are ways I have changed my life since living at Paradise Ranch.

As I said before, these changes I felt were necessary in order for my life to be a more responsible one in relation to other people.

The night of May 28, I fell was a fairly good expression of the attitude held by my friens and myself in regard to personal danger, policemen and jail; and the power that joy and love have over them.

Ten policemen walked into our home with a search warrent, a warrent for Billy Spre's arrest and shotguns.

There were over a dozen people here then, and with all the Sheriffs, all my friends and all thos guns, hysteria, caused by fear, could have resulted in a dangerous situation.

However, the police were faily cool-headed and my friends share an understanding with me about love and non-violence and the knowledge that there is nothing to fear, but much to accept.

So instead of reacting to the sheriffs and their guns with fear an hate, the reactiong was one of acceptence and joy and calmness.

When the sheriffs first came in, we were rounded up and told to remain in the kitchen.

We sat and for 10 or 15 minutes we chanted together the universal sound of AUM(our "amen" came from this Sanskrit word) which is the sound of all life, all creating.

In the meantime a search of our home was being conducted. Mug shots were taken along with fingerprints.

This took a long time, so since we are a "band" (played at the Episcopal Church in Rodeo, St. Stephens Church in Douglas, and perhaps the Policemen's Ball) we decided to pass the time by playing.

Out came the tamborines, guitars, fluted and drums and soon musid was flowing, toes were tapping and the band and sheriffs alike were grinning and enjoying themselves. Soon the sheriffs were requesting songs and recording the music.

Before leaving the Billy and Evie Spire and myself in custody, one of the sheriffs suggested a "group photo" be taken of the band and the officers. So - we stood around our wood-burning stove, arms around each other, and smiled for the camera.

Before leaving, sheriffs, arrestees and friends alike held hands in a circle and chanted together.

As they left, one officer, said- "this is the happiest arrest I've ever participated in."

We pulled out of the driveway on our way to jail with our friends shouting invitations to "Come again and bring your wives," and "How about getting together for dinner."

The day in jail was spent in singing and dancing in the lobby. (I danced with the Chief of Police. Billy danced with the Mayor of Douglas.)

Many serious discussions among myself and various officers took place that day about ecology, food, drugs, war, peace, and love.

That night before getting bailed out, ice cream and cake was given to the officers on duty and the other prisoners in honor of my 25th birthday. It was probably the most joyful birthday I've had.

Since then, these things have happned between the officers and the people here at the Ranch:

1. 2 days after the bust, a sheriff called the ranch twice to request songs to be sung over the phone.
2. A sheriff has set up a number of singing auditions for Billy in various clubs in the Douglas area so that he can earn some much needed money!
3. 3 sheriffs havebeen by the ranch just to chat and see the baby.
4. A sheriff took Bill and Evie out to coffee the other day.
5. One sheriff wants to set up a dance with high school kids at which we would play. We wanted talk to the kids between numbers about love and peace. (every kid I've met in Douglas calls the sheriffs "pigs". We'd like to help them realize that this isn't the way to build understanding and hence good relations between people.

6. One sheriff and his wife bought the baby a present.

And so, it seems the bust was an opportunity for me and my friends to meet and become friends with some people whom we wouldn't meet normally.

My relationship with the sheriffs has been delightful. Most of them are fine, sincere people.

However, there is one thing that really disturbes me about the undercover work done. (this is from a moral point of view, not a legal one) (This is not a personal criticism of Ernie and Bob Howard.)

When they came here it was part of their job to lie and be deceitful about the purpose of their visit.

Now it seems to me that in the long run the goal of peace officers and Justices of the Peace and myself is the same - Peace. Understanding. Harmony. The triumph of truth and love.

The thing which disturbs me is that if one lies and is deceitful then it will only harm the chances of understanding and love and will make the triumph of truth impossible.

To lie and deceive in "the line of duty" is not an excuse - only misunderstanding duty. (again let me stress that this is not a personal attack against Ernie and Bob).

The ends and the means are one and the same. We get what we do. If one lies, then dishonesty is produced. If one is honest, then truth prevails.

I feel policemen should be examples to others of all of the good things we all want to see in our world. To do this, one's ends and means must be positive and consistent.

I've learned many lessons lince-my arrest, and have already paid a price for the arrest.

I spent a night and a day in jail. I had to put up bail money. We have been evicted from Paradise Ranch. I may loose my job with Gandalf Productions if I can't get the court case over with quickly. I will not be able to go to Japan as a vegetarian cook if the court action is not over by Aug. 1. (I studied oriental art in college and have wanted to go to Japan since high school, so this meams a great deel to me. While overseas, I wanted to continue to try to spread peace and love thru practical, everyday practices.)

A very valuable lesson I have learned is that this entire experience has strengthened greatly my belief in the power of love and the goodness of men be they prisoners, attorneys, judges or sheriffs.

I do want you to know that I feel, after meeting you briefly, that you are a sincere, fair person. I know you will try to be objective about the case.

I promise you that I will tell the truth all times. (in yoga there are 5 abstentions and 5 observances which I try to follow. One of the abstentions is Satya, or non-lying.)

Even though I feel an injustice has been done toward me by arresting me, I trust the last leeson I'll leatn is that the Court will go out of its way to see that justice is done and truth previals.

I'd like to share with you the chant which the sheriffs and the Paradise Ranch people chanted together before I was taken to jail:

May the longtime sun shine upon you.
All love surround you.
May the pure light within you
guide your way on.

FD-302 (REV. 3-17-69)

FEDERAL BUREAU OF INVESTIGATION

1

Date July 9, 1970

Lance Corporal STEVEN RAY STANARD, Service Number 2325572, was interviewed at the Base Brig, Marine Corps Base, Camp Pendleton. He furnished the following information:

He has been in the brig since May 12, 1970, having been court-martialed about a month ago for being UA (AWOL), for which he was sentenced to three months confinement, and three months reduction in pay. He stated he anticipates that this sentence will be suspended. He is currently assigned to Sub-Unit #1, Headquarters and Service Company, 5th Marine Expeditionary Brigade.

STANARD was asked if he had been in contact with an attorney named MICHAEL GREENE, of Santa Monica, California, during the time he was UA. He stated he had been UA on three different occasions since his return from overseas service, these being for about two weeks in June, 1969, for about two weeks in July, 1969, and again from October 5, 1969, to April 1, 1970. He had been given the business card of MICHAEL GREENE prior to the first time he was UA, but he never contacted GREENE. He was given the business card by a young man named KENNY, last name unknown, who had shared the rent on a house in Whittier, California, with STANARD and another young man named RICK LONGYEAR.

As best he could recall, the address of this house in Whittier was 7022 E. Whittier Avenue. He had lived there from about February, 1969, until the time he first went UA in June, 1969. He was commuting nearly every day from his duty assignment at Camp Pendleton to this residence. KENNY was a young civilian who was about to be inducted into the military service and who did not want to go, and he had corresponded with Attorney GREENE and had also visited him. KENNY lived with STANARD and RICK LONGYEAR for only about a week and a half and then left, and STANARD never learned whether he had been inducted. He recalled that KENNY had an asthmatic condition.

KENNY had told STANARD that he had paid $400 to GREENE for his services to help him stay out of the draft. KENNY gave STANARD the business card of GREENE showing an address in Santa Monica, and STANARD had contemplated seeing GREENE for advice in connection with what he considered to have been an unjust reduction

in rank after he returned from overseas, due to a loss of equipment for which he was held responsible while overseas. He was overseas from November, 1967, to December, 1968, and he was reduced in rank from Corporal to Lance Corporal, and a promotion to Sergeant which was pending was cancelled. However, he never did contact GREENE.

STANARD stated that RICK LONGYEAR, also a civilian, was classified 4-F, and insofar as he was aware LONGYEAR had no contact with GREENE.

STANARD advised that when he went UA in June, 1969, he went to Seattle, Washington, where he was apprehended. While he was in the brig in Seattle, he obtained the addresses of several houses in Vancouver, British Columbia, Canada, where deserters could find refuge. He did not recall the name of the person from whom he obtained these addresses.

When he went UA in July, 1969, he went to Canada for about two weeks, and he stayed at two of these houses in Vancouver. One of these was a house located on East Second, Vancouver, which he described as a two-story house, painted green at that time, which was the fourth house from the end of the street on the right hand side as you come from the east.

The other house was located at 609 Queens, New Westminster, which is a suburb of Vancouver. Some of the individuals in these houses were Canadian citizens, some were draft dodgers from the United States. Five people in the house on East Second Street appeared to be in charge of that house and appeared to have almost a hypnotic control over the occupants. They occasionally had speakers there from Sweden and North Vietnam and other places. Some of the people in these houses had red stars tattooed on their shoulders and they always appeared to be in possession of the MAO TSE TUNG "Red Books".

He heard talk among some of the individuals in these houses that they were considering entering the military service in the United States for the purpose of passing out leaflets and creating turmoil.

He stated the only names he could recall of individuals he met at these two houses were two young men named STEVE and RICK, last names unknown, who were among the five people who appeared to be in control of the house on East Second Street.

3

Prior to the time he departed Canada, he stopped by this house again and these five individuals were gone, and he was told that they had gone to the United States to go into the military service.

He stated that in addition to the two houses in which he had stayed in Vancouver, there were several other similar type houses in that city, and there was an office on Hastings Street in Vancouver which housed the American Deserter Committee.

During the time he was UA from October, 1969, to April, 1970, he first spent about two weeks in California and he then went to Idaho, where he lived in a mountain cabin at Bonner's Ferry, near the Canadian border. He remained there for about two months, and then returned to California, after his fiance, MARY ANNA GONZALES, called him and asked him to return. He was apprehended by the FBI at her house in Hacienda Heights, California.

After his return to Camp Pendleton, he was assigned to work in the Chaplain's Office, 5th MEB. Sometime during April, 1970, he received a telephone call while in the Chaplain's Office from a person who said his name was JERRY, and who said he had known STANARD in Canada; however, he did not remember meeting anyone by the name of JERRY in Canada. JERRY told him on the telephone that he was one of the helpers or founders of this new organization in Oceanside which was trying to help men in the military, and he subsequently identified it as the Movement for a Democratic Military.

JERRY asked him if he wanted to sit on a committee to develop unity. STANARD told him he was not sure, that he was at that time trying to get himself out of trouble. JERRY said they had a staff of lawyers he offered STANARD the aid of a lawyer. He also asked him to attend a meeting, and asked if he could help with some leaflets. STANARD agreed to help with leaflets. JERRY asked if he had access to a mimeograph machine, and STANARD looked around the Chaplain's Office and observed that there was a mimeograph machine there, and he told JERRY he had access to that machine. JERRY then told him what to put in the leaflets, and STANARD then ran off about 200 of the leaflets on the mimeograph machine in the Chaplain's Office.

STANARD was informed at this point that the information he was volunteering concerning the leaflets, might be used against him in a court of law, and he was warned of his right to remain silent and he was advised that anything further he said could be used against him in a court of law. He was informed of his right to consult a lawyer before answering any more questions and to have him with him during questioning. He indicated his desire to discuss this matter further without talking to a lawyer, and he pointed out that he had already furnished this information concerning the leaflets to his military counsel.

STANARD went on to advise that as best he recalled, the leaflet he printed up at JERRY's instructions was concerning a meeting of the Movement for a Democratic Military being held on the beach in Oceanside sometime during April and it made mention that there would be lawyers present to give advice. After he printed up about 200 of these leaflets he passed them out on base, in the vicinity of the theater and various other places on base.

STANARD stated he did not attend the meeting described in the leaflet, nor did he attend any other meetings, because right after he distributed the leaflets he saw the Movement for a Democratic Military paper "Attitude Check" and after reading it he realized how radical it was and he decided he did not want to become involved with these people. He had no further contact with JERRY or the Movement for a Democratic Military. He never did meet JERRY, and he still does not recall having met him in Canada. He could furnish no further information about JERRY.

STANARD stated he has approximately five months of service left in the Marine Corps, after which he hopes to start school at Bethany Bible College, Santa Cruz, California. He stated he had been confused upon his return from overseas service, and he now realizes he took the wrong way to try to solve his problems, that is, by going UA. He stated that after being exposed to the individuals he had met in the houses in Vancouver, B.C., Canada, he realized that he did not agree with their political philosophy and he did not want to have further association with them.

STANARD advised he was born on July 2, 1949, at Vancouver, Washington. His mother, NORMA STANARD, resides in Vancouver, Washington (he did not recall the street address), but is leaving soon to join his father in Thailand, where his father holds a civilian position under contract with the U.S. Air Force. He considers his local address to be 15565 3/4 Denley, Hacienda Heights, California, which is the residence of his fiance, MARY ANNA GONZALES.

On July 27, 1970, ELIZABETH G. FRIEDMAN telephonically contacted the San Diego Office of the Federal Bureau of Investigation (FBI) stating that she is employed as a Secretary for an Attorney, JOHN STEPHENS, who is associated with MICHAEL GREEN INCORPORATED, located at Santa Monica, California. His office is at 1020 Prospect, Suite 401, La Jolla, San Diego, California. Mrs. FRIEDMAN advised that she has previously been employed by the Government and was concerned because a large amount of her employers business involved assistance to persons about to be drafted, and she feels that some of his activities might be illegal and that it might reflect on her in future employment situations.

FD-302 (Rev. 4-15-64)

FEDERAL BUREAU OF INVESTIGATION

①

Date September 14, 1970

ELIZABETH G. FRIEDMAN, 2765 Cordola Cove, Del Mar, California, telephone 755-4063, advised that she lives in Del Mar with her husband MURRAY FRIEDMAN and has been employed as a Secretary for JOHN STEPHENS at 1020 Prospect, Suite 401, La Jolla, California, 92037. The telephone number of the office is 459-0234.

JOHN STEPHENS is an Attorney employed by MICHAEL GREEN, Inc., at 1532 3rd Street, Santa Monica, California, 90401, telephone number 213-870-8551. He is paid $18,000 per year and the income from the business in La Jolla goes to MICHAEL GREEN, Inc. She advised that MICHAEL PANCER will be a senior partner of the firm in the near future as MICHAEL GREEN is becoming more and more involved in other areas of activity and may sponsor a Rock Festival in Japan at some time in the future.

JOHN STEPHENS is about 25 years of age and all of the Attorneys employed by MICHAEL GREEN, Inc., are under 29 years of age. Other Attorneys employed are RICK BRYSON, MICHAEL PANCER, and STEVE SHORE. JOHN STEPHENS is a relatively new Attorney having passed the Bar approximately two weeks ago, possibly in San Diego. He has been doing draft counseling in San Diego for one and a half years.

Mrs. FRIEDMAN said she became employed for JOHN STEPHENS on July 1, 1970, and on September 1, 1970, as she was walking out of the door to go home, she was told she need not return to work. Mrs. FRIEDMAN stated that she had formerly been employed in a Clerical Position with the Central Intelligence Agency and that she believes that she was fired because STEPHENS learned of this employment by doing a routine background check.

JOHN STEPHENS subscribes to a paper called The Guardian and the Los Angeles Free Press. He could be described as "far left" in his thinking.

Almost all of STEPHEN's clients are individuals who are classified 1-A and do not wish to go into the service. The remaining clients are absent without leave servicemen seeking help. These individuals are charged a fee of $350.00, and this includes payment for services rendered as well as recontacts at future times. About 80% of the individuals desiring to stay out of the military are sent to see Doctors who Mrs. FRIEDMAN believes to be sympathetic toward persons desiring to stay out of the military service. The Doctors usually used are:

Dr. WILLIAM O. NIGHTINGALE
4747 Mission Boulevard
San Diego, California, and

Dr. MC GINNIS, also believed to have offices on Mission Boulevard.

A majority of the clients who come to STEPHENS have used drugs such as LSD at some time. These individuals are sent to Dr. EMAMI, who is a doctor of psychology and has an office in downtown San Diego. Dr. EMAMI conducts an examination to determine whether the use of drugs has caused damage and then writes a letter saying that the individual has used drugs and that his induction into the service could cause a nervous breakdown and possibly suicidal tendencies. Dr. EMAMI lists in technical details all of the tests he has given and then at the bottom states his opinion that the individual is disturbed and is not fit for military service.

STEPHENS writes letters concerning the individuals facing the draft to Colonel GEORGE SCALITZER, Department of the Army, Draft Headquarters, Hampton, Virginia, asking that the induction of the individuals being represented be held in abeyance.

Mrs. FRIEDMAN said she recalls that on about Tuesday, September 1, 1970, a client came into the office and stated that he had been told that if he went to Canada, "JOHN" could get him back into the United States if he ever wanted to return.

3

On about Friday, August 14, 1970, three individuals who had received induction notices and did not appear for induction came to STEPHENS office stating that they had an appointment with him. They told Mrs. FRIEDMAN that they wanted to go to Canada and wanted to talk to STEPHENS. They planned to leave for Canada on Sunday, August 16, 1970. They talked to STEPHENS behind closed doors approximately one hour and after talking to him and before leaving the office they stated to Mrs. FRIEDMAN that they were going to Canada. One of these individuals was 5'8" to 5'9", had medium brown long hair, a mustache and beard and wore no shoes. A second individual was 5'10" to 6' tall, had dark brown hair, which was almost black and long, big brown eyes, a dark mustache and long side burns. She said she could not recall the description of the other one of the three individuals.

[redacted] an AWOL military serviceman who was a client of STEPHENS was picked up by the Shore Patrol August 31, 1970.

Mrs. FRIEDMAN stated she recalled the following names of individuals who are clients of JOHN STEPHENS:

[redacted]

FOIA(b)(6)
FOIA(b)(7) - (C)

4

FOIA(b)(6)
FOIA(b)(7) - (C)

[redacted]

[redacted] is being represented by JOHN STEPHENS in a criminal case. Mrs. FRIEDMAN advised that if one of the individuals who have contacted STEPHENS and have paid their fee becomes involved in a criminal case such as an apprehension for the use of marijuana, STEPHENS will handle their case for an additional fee.

[redacted] is no longer in the San Diego area.

[redacted] are two brothers from New York, who received induction notices and have not appeared as directed. [redacted] was possibly to be inducted in New York and [redacted] is believed to have received his induction notices in San Diego.

[redacted] and his brother have another brother in Canada. It is believed that these two individuals have been arrested by the Federal Bureau of Investigation for failure to register for Selective Service.

Mrs. FRIEDMAN advised that she would be happy to testify to any of the above information if it should become necessary.

FD-302 (REV. 3-17-69)

FEDERAL BUREAU OF INVESTIGATION

Date August 10, 1970

BRUCE O'NEIL MC DONNOUGH was interviewed at C&E Battalion, Marine Corps Recruit Depot (MCRD), and advised of the following:

After returning from a previous unauthorized absence MC DONNOUGH was being escorted near Building 26 on the MCRD, when an individual dressed in civilian attire approached him and his military chaser and asked him if he was interested in getting out of the military. The person identified himself as (First Name Unknown) CARTER and gave MC DONNOUGH a note and a map explaining how to reach a person named GARNTER (Phonetic) in Building Number 26, who would assist MC DONNOUGH in going on unauthorized absence and then to Canada if desired. MC DONNOUGH described CARTER as a white male, approximately 5'9", 180 - 185 pounds, dark brown hair, approximately 20 years of age. MC DONNOUGH did not remember why he thought CARTER was in the military service, since he was wearing civilian clothing; however, he was sure that he was in the military at the time.

MC DONNOUGH stated that according to CARTER, he was supposed to go to Building Number 26 and ask for GARNTER who would then give him directions on how to obtain information to be smuggled from the Marine Corps Base.

DAVID W. NEPTUNE, 3402 Trophy Drive, Spring Valley, California, was warned of his rights. He was furnished a Waiver of Rights form which he read and signed. NEPTUNE stated he is the Selective Service Draft Counselor at San Diego State College (SDSC). He stated that in connection with his counseling of students at SDSC in San Diego, California, he uses as a guide-line, a book put out by the University of California at Los Angeles, entitled, "Counseling the Draft" and another book, name not recalled, by ARLO TATUM and DUCHINSKI (Phonetic).

He stated the counseling service at SDSC is intended for those students who are not military personnel. Counseling is for those students whose induction is or appears to be coming up in the near future. These students who seek advice, usually seek advice concerning the draft as it relates to their student status, hardship problems, or whatever other problems the draft poses in regard to the possibility of their being inducted while students.

NEPTUNE denied affording assistance to any military personnel since their problem involves the military and military procedures, and as such, they are not confronted with a draft problem. NEPTUNE advised that he is Executive Director of the Young Men's Christian Association (YMCA) at San Diego State College, but that he affords the draft counseling service in Room H at the SDSC Student Center.

The students are not asked to identify themselves and many of the students call in for advice by telephone. NEPTUNE stated that last year military personnel did inquire seeking advice, but that he, NEPTUNE, did not handle these individuals but referred them to LOWELL TOZER. This year, TOZER is an English Professor and his workload is so great

that TOZER has not had time to handle counseling of service personnel. NEPTUNE said that when TOZER did furnish assistance to military personnel, TOZER was primarily concerned with advice concerning conscientious objection to persons in the Armed Forces.

NEPTUNE stated that inasmuch as he did not deal with any students by name, he is totally unfamiliar with the name JEROME KIRK MOWERS. He denied counseling directly against the draft and stated that in counseling, he takes no position for or against, but merely furnishes information or advice when requested to do so by students.

At that point in the interview, NEPTUNE was asked by the interviewing Agents if he cared to explain the large sign in the front yard of his residence which states, "Resist the Draft." He denied possession of the sign, saying that this sign belongs to his son who is in high school.

Date August 6, 1970

Mrs. ANNE DOSHER, 4475 Del Monte Avenue, San Diego, California, was advised of the identity of the interviewing agents by Special Agent WILLIAM E. MORSE IV, and the purpose of the interview concerning her involvement with the Resistance, and explained her constitutional rights at which time she was given the waiver of rights form which she read and signed. She advised as follows:

She advised that she was not involved in the "Resistance" that she was the program director of Crisis Intervention Center, 5041 Newport, San Diego, and that she was an episcopal worker and the center was also church based. Among other services, they made available help in the form of information of people to call at the Marine Message Information Center. When military personnel came to the center they were advised that they should not tell the personnel at the center their problems, but were given a number to call at the Marine Message Information Center of a chaplain or someone who could counsel them and arrange for them to go back to the military and work out their problems. The only individual she knew who was associated with the "Resistance" was GARY AUFDENSPRING, who worked at the center for she believed three weeks during February. He had advised members of the staff at the Crisis Intervention Center that he was resisting the draft. She believed he had been employed by the Methodist Church to aid in draft counsel and came to them through the Episcopal Field Service Office. She described him as being approximately 6'2", slender build, with a red bushy afro hairstyle. She believed he was in his early 20's and at the time married. She thought that he had attended San Diego State.

She further stated that on two occasions she had infact called the Message Information number at the Marine Depot, requesting that someone (a chaplain), contact the military personnel who had come to the Crisis Intervention Center.

MELVIN L. MURPHY was contacted at 555 - 19th Street, Neighborhood Field Services Building 531 - 19th Street on August 17, 1970, by SA BOYD R. L. KEENAN.

Mr. MURPHY described his job and activities as those provided to assist ghetto people. He is director of this program, and is also an instructor at San Diego State College. Graduate students in social work, and a few other students work here. The program was primarily set up to help people living in the ghetto. However, other people needing help were not turned away. Drug users and hippie type young people have come here for help and Mr. MURPHY and staff attempt to help these students break their drug habits. He stated that not many of these people have come for assistance. A program has occurred which has worked quite well in which parolees ar e working toward a college degree under a supervised study and time schedule.

Mr. MURPHY states that neither he nor his staff have been involved in harboring AWOL military men or assisting them in any way.

Mr. MURPHY knows GARY AUFDENSPRING and MIKE DE VORE. He advised that AUFDENSPRING works next door. Mr. MURPHY has not seen MIKE DE VORE since September, 1969. It is his opinion that Mr. DE VORE has done some draft counseling but none of an illegal nature as far as he knows.

On 18 February 1969 I turned myself in from being UA. The Officer of the day at 2nd Battalion took my wallet from me so that I would not go UA again. In the wallet I had 4 marijuana cigarettes. The 4 that I had in my wallet were all that was left of the 30 that they gave me. I smoked some of them and gave some of them away to people that I met in the Los Angeles, California area while I was UA. I first used marijuana about 1½ years ago in El Paso, Texas. BESSIE I. HOGUE was advised by Special Agents JOHN O. TRETHEWEY, JR., and STEVEN L. CHRISTENSEN, that they wished to interview her concerning her possible knowledge of the Resistance Movement, and after being verbally advised of her rights as set forth on a standard Warning and Waiver Form, she furnished the following information.

She knows nothing concerning the Resistance organization or anyone connected with it. She has never had anything to do with counselling anyone concerning draft evasion or desertion from the military services nor does she know anyone involved in such activities.

She stated that she does not know anyone named [redacted] and that the only contact she had with anyone who might be involved in the radical new left movement was the time when she picked up two long-haired young males at the intersection of India and Washington Streets in San Diego, and furnished them a ride in her car as far as Del Mar, California.

This ride which she furnished to these two individuals was in no way pre-planned. She furnished the above mentioned ride shortly before she moved from San Diego to Oceanside, but cannot recall the specific month involved.

Mr. BILL REID, Spanish Village, Balboa Park, San Diego, California, at the outset of the interview, was furnished a copy of a "Waiver of Rights" form, which he read. After reading this form he stated "I don't have to sign this to talk to you, do I?" When told he was not required to sign it, he said he had no objection to being interviewed.

Mr. REID advised he had approximately several months association with "The Resistance" organization. His association first began when the organization was headquartered at a residence on Dove Street, San Diego, California.

About a month later, the organization moved to another address on Glidden Street.

Mr. REID stated that he shares some of the views of members of "The Resistance" organization, particularly as regards the United States position in the Viet Nam war.

Mr. REID advised that during World War II he served in the Marine Corps, however, his feelings about the Viet Nam conflict are that the United States could be putting their efforts to better use. He said that the United States Government should be directing all their energies to more peaceful and productive pursuits, and that by doing so, this country will enjoy greater glory.

Mr. REID described the adherents of "The Resistance" organization as "psychotic individuals", all of whom have personal problems that they have been unable to solve.

Mr. REID stated that he was sort of a "Father Figure" to individuals in "The Resistance". He kept the plumbing fixtures in order, and did other odd jobs about the house.

FOIA(b)(7) - (C)

During his association with the organization, REID advised that he knew of no instance where any individual of the organization either counseled or arraigned for military deserters or individuals attempting to evade their Selective Service duties to depart the United States to evade such duties.

REID recalls of only one individual residing at that house who was actually a military deserter. The only reason this individual was in a deserter status was because he was having difficulty with his wife. REID advised that he advised this individual to return to the service and complete his obligation.

REID could not recall the name of this military deserter.

REID advised that his association with "The Resistance" organization was of short duration and therefore could furnish no further information concerning this organization, particularly the present status of this organization.

On August 4, 1970, WALTER CLEMENT FEE, SR., 621 South Avocado Street, El Cajon, California, advised Special Agent JACK D. BLAIR that his son WALTER FEE, JR., lives at 621 South Avocado Street, El Cajon, California, at the present time, but that he had previously lived at 6796 Glidden Street, San Diego, approximately two years ago.

Mr. FEE stated that he and his wife do not approve of their son's actions in connection with the group with which he was associated at 6796 Glidden Street. Mr. FEE stated that his son works at a service station in addition to attending college at Grossmont Jr., College. Mr. FEE stated that he would advise his son to contact the Office of the FBI in San Diego.

On August 6, 1970, ROBERT G. VODICKA, Attorney at Law, 121 Broadway Street, Suite 652, San Diego, California, telephonically contacted Special Agent BLAIR and advised that WALTER FEE, JR., is retaining him as counsel. He stated that he preferred that WALTER FEE, JR., should not talk to the FBI.

He has been using the name [redacted] while in Canada, and was possibly married under this name at Vancouver, Canada.

[redacted] Del Mar, California, telephonically advised that in connection with her employment as a secretary for [redacted] [redacted] Suite 401, La Jolla, California, she recalls that one of the procedures used by [redacted] [redacted] in assisting persons who wished to avoid induction into the Armed Services is to have the individual transfer his address to another city and have the induction notices sent there.

Attorney [redacted] advises the individual to go to a distant city and find a friend or someone who will allow him to use his address for mail from the Selective Service System. The individual then returns to the San Diego area and deals with the Selective Service System by using his distant address.

[redacted] tried to use this method by asking his Rabbi in a midwestern city to allow him to use his address. The Rabbi later called [redacted] stating that he had contacted an attorney and refused to allow [redacted] to use his address because the attorney had advised him that this would be illegal. [redacted] said she believed the Rabbi was in Omaha, Nebraska.

[redacted] has used this method by obtaining an address in Seattle, Washington, for his induction notices, while actually living in La Jolla, California. [redacted] has avoided two induction notices by using this method.

[redacted] stated that [redacted] uses this method on a number of the individuals who contact him who are subject to induction.

[redacted] San Diego, California, was resident dean of one of the dormitories on the University of California at San Diego (UCSD) campus year before last. He had apparently sought this job because he felt he could establish rapport with the college students. He held the position of Assistant Professor of Aerospace and Mechanical Engineering Sciences, a job which he still holds. He was ineffective as a resident dean and was not given the position on the following year. It is generally known by people in his department that at least on one occasion AWOL military men were given sanctuary in the dormitory where [redacted] was resident dean.

On July 30, 1970, JEAN HARRISON, Secretary, Postal Inspector's Office, United States Post Office, San Diego, California, advised that as of June 9, 1970, ROBERT BRUCE HILLS who formerly resided at 1835 Edgemont San Diego, California, has moved to 907 Court C, Tacoma, Washington, 98402.

C. CURRENT ACTIVITIES

The following advertisement appeared in the San Diego Street Journal, an underground type newspaper printed in San Diego, California, in the July 10, to July 16, 1970, July 17, to July 23, 1970, and the July 24 to July 30, 1970, issues:

Many servicemen are discontented with their present status within the military but unaware of existing alternatives. Military regulations offer a number of alternatives by which a serviceman can be discharged. The Pacific Counseling Service (formerly West Coast Counseling Service) informs men of their rights and helps them to obtain these rights.

The following articles appeared in the July 17, to July 23, 1970, issue of the San Diego Street Journal, an underground newspaper printed in San Diego.

Servicemen-

Pacific Counseling is here to help you...

The killing in Southeast Asia, on the campuses, and in the ghettoes will stop when the rulers of the United States can no longer get young Americans to do their killing. Marches, petitions, the "representative process" itself, fail as Nixon et al pursue their criminal actions. But more and more men are refusing to serve. The Oakland Induction Center reports that 50% of those ordered to report do not show up and another 10% refuse at the center. At the same time dissent among the G.I.s is increasing. The numbers of AWOLs and UAs increase daily, while on the bases thousands of men through individual and collective efforts are attempting to curb the war-makers' insanity.

The Pacific Counseling Service is a group of men and women including ex-GIs, draft resisters and clergy who concentrate on building maximum support for the maximum number of anti-war GIs. Since the first office was opened in Monterey the work and the need for counseling forced us to expand into six strategic locations. We have counseled at length with over 2,000 men, helped secure conscientious objector and other kinds of discharges for over 500 GIs and contacted thousands more with meetings, educational materials, on-base work and leafletting.

A key reason for our effectiveness is that we carefully follow up cases and provide legal, medical and community support. Another factor is that we have several recently discharged GIs working full time, including Vietnam veterans, members of the Presidio 27 and the Nine for Peace and others released because of their anti-war stand. At present we have about 25 full time workers and we are training more to fill the requests coming in for help from new places.

At the request of Americans in contact with GIs in Japan Sid Peterman, the Unitarian minister who initiated the Monterey Counseling Service, visited Japan during March and April of this year. He concluded, with the urging of the Japanese, that an office of PCS should be established there. This was done in May. The office provides all the services furnished at the stateside offices. In addition, it has functions related to the concrete aspects of American presence and policies in Japan and S.E. Asia.

MOVEMENT FOR A DEMOCRATIC MILITARY (MDM)

MDM is self described as a group of active duty and ex-servicemen dedicated to making the military respond to the will and needs of servicemen and the American people. MDM calls for the end of suppression of servicemen and supports the right of people everywhere to live free from intimidation and oppression. MDM calls for the abolition of all Officer priviliges, immediate U.S. withdrawl from Vietnam and unionzation of the military. MDM was formed during the last week of November, 1969, as a result of meetings of two "GI" organizations, Duck Power, composed of sailors at San Diego, and Green Machine, composed of Marines at Camp Pendleton. It was decided the alliance would be called MDM in memory of another organization by the same name formed in Vietnam in 1966 and destroyed by "paranoid military higher-ups".

SYNOPSIS
1. Investigation concerning the circularization of anti-draft, anti-war literature through the United States Mails, using the requestor's return address was completed and disclosed numerous incidents whereby Selective-Service outgoing mail contained anti-draft literature which was delivered through the United States Mail. Investigation was referred to the United States Post-Office who assumed investigative jurisdiction.

PREDICATION
2. The Commanding Officer, Navy Recruiting Station, 1031 South Broadway, Los Angeles Calif requested this investigation on 06 July 1970 after receiving returned mail undelivered which contained anti-draft literature.

BACKGROUND
3. The requesting Command advised the mail was being returned undelivered to their Navy Recruiting Branch Station, 2123 Torrance Blvd, Torrance, Calif, which was rubber-stamped with the obselete return address of that stations previous address. The returned envelopes were identified as being identical to envelopes used by the Naval Recruiting Service and when opened were found to contain various Selective-Service material and leaflets baring various anti-draft and anti-war literature published by the RESISTENCE AND LA-DRAFT HELP. INTERVIEW OF REQUESTOR

5. On 16 July 1970 Earl BARNETT (Administrative Assistant Naval Recruiting Station Los Angeles) was interviewed at his office. BARNETT provided Attachments (1),(2) and (3), three letters addressed to three different individuals, which were returned undelivered to the Naval Recruiting Branch Station, Torrance Calif. These letters are date stamped 03 June 1970, 03 June 1970, and undated respectively. BARNETT explained that these letters when opened were found to contain various Selective-Service systme correspondance and transmittal letters, and in addition contained leaflets of anti-draft and anti-war contexts, which were apparently circulated by the Los Angeles DRAFT-HELP 1018 South Hill, and the RESISTANCE. Both groups are known for their anti-war and anti-draft use. BARNETT stated that these letters were mailed in franked United States envelopes bearing return address to Recruiting Branch Station, Torrance. The return address is noted to be improperly printed with an obselete stamp which bore no previous address of that Branch Station which is no long valid. BARNETT Advised that Chief FARRINOS, Recruiter at the Navy Recruiting Branch Office, Torrance, Calif located at 2123 Torrance Blvd, is currently holding additional letters which were returned undelivered because of improper address information.

6. BARNETT continued that the envelopes used are unique and peculiar to the Naval Recruiting Station Stationery and believed that the only sources of supply for these envelopes would be the Naval Recruiting Station, Los Angeles. BARNETT also stated that the only letters which come to his attention,were those which were undelivered and opined it would be impossible for him to guess as to how many letters have been delivered through the mails containing the same anti-draft literature. BARNETT went on to say that he further had received a telephone call from a Mr. SAYWER (NFI) of the Adult Probation Department, 7300 South Sante Fe Avenue, Highland Park, Calif who advised that he also is in possession of several of these letters which were delivered through the United States Mail. According to BARNETT, SAWYER had indicated that he was quite disturbed at receiving anit-draft material from the Selective-Service System.

PROCESSING PHYSICAL EVIDENCE

7. BARNETT providedthree letters as three items of physical evidence pertinent to the issures of this investigation. Additionally, BARNETT advised that other similar letters are available at the Naval Recruiting Branch Station, Torrance and at the Adult Probation Department, in care of Mr. SAWYER.

EVIDENCE OF FRESH COMPLAINT

8. Subsequent to the promulgation of this investigation, item four and five were received at NAVINSERVRA-Los Angeles, item four, (attachment to ref (a) Ref (a) sets forth the circumstances surrounding anit-war literature being simuliarly distributed in Santa Barbara Calif and mailed from Torrance, Calif. INTEROFFICE CORRESPONDENCE

TO: R. H. Merbach
CC:
DATE: 1 July 1970

SUBJECT:
FROM: C. Melikian
BLDG. R5 MAIL STA. 160 EXT. 619

Adassa Goodman, TRW 35742, advised this office that her eighteen-year-old son, Michael Goodman, had recently executed a six-page Selective Service questionnaire. This questionnaire had been sent to him through the United States Mail by his local Draft Board. Upon completion of the questionnaire, he printed his name and return address on the franked envelope provided by the Selective Service Office, and mailed the questionnaire back to the Selective Service Office.

On 24 June 1970, he received in the mail an official envelope from the United States Navy Recruiting Branch Station, 1520 Cravens Avenue, Torrance, California 90501. This envelope has a glassine window and the name and address of the addressee was inserted into the envelope facing the glassine window. Upon opening the envelope, Michael Goodman noted that it was the same envelope in which he had returned the six-page questionnaire to the Selective Service Office. The Selective Service envelope had been folded so that his name and address fell into place under the glassine window.

The envelope from the Navy Recruiting Station contained a one-page anti-war leaflet enumerating reasons why the draft should be avoided. Reproduced copies of both envelopes and the leaflet have been made a part of this report, and the two (2) original envelopes are being retained by this office.

It would appear that the Selective Service envelope reached its destination at Local Board No. 116, 14911 Crenshaw Boulevard, Gardena, California 90249. The question is, How did this envelope get into the hands of the person(s) who then placed the envelope and the leaflet in an official Navy envelope and mailed it to Michael Goodman? The other question puzzling Mrs. Goodman is, Who was responsible for mailing the leaflet to her son?

Mrs. Goodman reported that both she and her son are willing to cooperate with the investigating authorities in attempting to resolve this matter; however, her only concern is that the authorities keep her son's identity anonymous. She was assured that the authorities would be very discreet with respect to her request.

Until a determination has been made as to what agency(s) will be apprised of the foregoing, the two (2) envelopes will be retained by this office.

Every Man must serve his country.

as a free man fighting for freedom or as a slave man submitting to the slave draft system. Ask yourself these questions.

1 - How can a slave man fight for freedom?

2 - Is slavery defined as involuntary servatude?

3 - Is the selective service system a slave system?

4 - Are you halping freedom by adding your body to the 40,000 americans already killed in S.E. Asia? or the 150,000 wounded.

5 - How does risking your skin fighting for a corrupt dictator in Saigon help you or this country?

6 - Can you promote freedom better by resisting the slave draft system?

7 - Do you have the courage of thousands of americans who do not register, or appear for induction, or refuse to be inducted? Some of their names are posted, in honor, at your draft office.

8 - How can you contribute to a War carried on by the president without the consent of the people? Is this democracy?

9 - Can you serve your country and freedom better by resisting the slave/draft?

10 - Does the war help communism by demonstrating to the world how americans easily invade foreign soil at the slightest pretest?

11 - Does the war help americans learn how to solve problems without resort to violence, death, and destruction?

12 Is violence in S.E. Asia a solution to our economic and political problems at home, or S.E. Asia?

13 - Can the billions spent daily be better used for schools, health, and pollution and poverty at home?

Make your contrabution to american now. Do your part. Join the unsung [redacted] courageos men who say no to death.

Did you know that slave/draft refusers are cloging the courts and are out on a bail of $1 waiting a year or 18 months for court apearences, where if they are convicted, are given the opportunity of 2years in jail or 2 years in violence?

Did you know that in many cases the selective service system is found guilty of not granting proper exemptions and deferments?

Do what you can now to preserve and defend american freedom from federal power over the lives of individuals.

Re Los Angeles report of SA JAMES G. KEENAN dated 1/26/70.

For the purpose of brevity, numerous interoffice communications are not being referenced.

The following is being submitted in lieu of a report for since the date of referenced report there has been no activity in the Los Angeles Division under the sponsorship of the Los Angeles Resistance.

Draft counseling continues at numerous locations and is carried on by many organizations and individuals who have no association with the Resistance organization.

On 9/28/70, observation was made by SAs JAMES G. KEENAN and JAMES ROBERT PACE at 443 South Virgil Avenue and 1018 South Hill Street, Los Angeles, two locations which the Los Angeles Free Press, an avant-garde newspaper published weekly in Los Angeles, California, have named as resistance locations. The addresses also appear on literature described by other local peace groups. 443 South Virgil, also known as Alpha House, was determined to be vacant. Contact with DAN WILLIAMS, 436 South Virgil Avenue, who identified himself as a minister, determined that he, through the Presbyterian Church in Hollywood, California, has made arrangements to use the house at 443 South Virgil in addition to their 436 South Virgil Avenue address for church sponsored events. WILLIAMS advised that as of June 1970, 443 South Virgil Avenue has been vacant.

At 1018 South Hill Street address, which utilized the name Los Angeles Draft Help, was observed on the same date and was also vacant. A sign on the front door advised that for information regarding this location, one should contact the Student Association, California State College, Domingues Hills, California.

On 9/28/70, BOB WEST, Operations Manager, Wells Fargo Bank, Wilshire and Shatto Street Branch, Los Angeles, California, advised that bank account number 0603-012-782 maintained in the name of the Resistance was closed on 8/11/70.

> The above information is not to be made public without the issuance of a subpoena duces tecum directed to the Operations Manager, Wells Fargo Bank, Wilshire and Shatto Street Branch, Los Angeles, California.

On 10/1/70, LARRY GENE RIVAS, whose name was maintained on the signature card of the Resistance bank account, was interviewed by SAs KEENAN and DON S. TOKUNAGA. RIVAS advised that there has not been any organized Resistance in Los Angeles since the latter part of 1969 due to most of the members being in jail for Selective Service violations or on narcotics violations. RIVAS stated that the last association he had with the Resistance was in February 1970, and this consisted of the people at 443 South Virgil Avenue, Los Angeles, who RIVAS described as "pot smokers and hippies", most of whom were females ranging in age from 18 - 21.

On 10/28/70, FOIA(b)(7) - (D) and on 11/6/70, FOIA(b)(7) - (D) advised that they know of no activity on the part of the Resistance organization in Los Angeles.

Based upon the above, Los Angeles will maintain this case in an RUC status. If there should be future activity under the sponsorship of the Los Angeles Resistance, this case is subject to be reopened and the Bureau will be advised accordingly.

Re San Diego letter to Los Angeles, dated 8/31/70.

Enclosed for San Diego are nine copies of an FD-302 relating to interview of LARRY GENE RIVAS.

Records of the Los Angeles Police Department, Los Angeles County Sheriff's Office, and Computer Credit Corporation as reviewed by a representative of the FBI on 9/18/70, were negative for any information pertaining to ANNE LOWE.

Los Angeles indices reflected the following relating to one ANNE LOWE, not known to be identical with San Diego subject:

Name	ANNE LIPOW, nee Anne G. Grodzins, aka Mrs. Arthur Sherman Lipow, Anne Lowe
Date of Birth	2/27/35
Place of Birth	Manchester, New Hampshire
Parents	DAVID and TANBE BYALOBLOCKY GRODZINS

File further reflects this individual was married on 4/7/57, to ARTHUR SHERMAN LIPOW in New York City and in 1957 she was active in the Young Socialist League. San Diego should have sufficient data pertaining to ANNE LOWE to ascertain if this individual is identical.

In regard to RIVAS, it should be noted that he was prominent within the Los Angeles Resistance for approximately one year until around February 1970. RIVAS was maintained on the signature card of the Resistance Bank Account located at the Wells Fargo Bank, Wilshire and Shatto Street, Los Angeles, as one of those eligible to sign checks drawn on the Resistance Bank Account. This bank account was closed on 8/11/70.

FD-302 (Rev. 3-17-69)

FEDERAL BUREAU OF INVESTIGATION

Date 10/13/70

LARRY GENE RIVAS was interviewed at his residence, 3958 Dwiggins Street. He was advised of the identities of the interviewing Agents and the reason for the interview. RIVAS voluntarily provided the following information:

RIVAS stated that from about 1960 to 1965 he resided with his mother at 4070 Albatross Street, San Diego, California. In 1965, RIVAS enlisted in the United States Army, was given his basic training at Fort Ord, California, and advanced training at Fort Leonardwood, Missouri. He applied for Officers Candidate School. After being in the Army for 18 months, he still had not been advised of acceptance into Officers Candidate School. He stated that he withdrew his name from the program and was subsequently sent to Vietnam where he served one year. Upon completion of the year, RIVAS was stationed at Fort Riley, Kansas, where he volunteered to return to Vietnam. His second tour of duty in Vietnam was from February, 1968, to June, 1968, when he was wounded and sent to Japan. His enlistment terminated while he was in Japan and his discharge papers were processed in that country. RIVAS was sent back to Fort Lewis, Washington, and was formally discharged from the military. RIVAS stated that he returned to San Diego and lived a short time with his mother, who had moved to 4189 Albatross Street.

In September of 1968, RIVAS left for Indiana where he attended Purdue University from September, 1968, to November, 1968, when he withdrew and returned to San Diego.

RIVAS advised that he lived in an area called Five Points near the United States Marine Corps Recruiting Depot. He could not recall the exact address. RIVAS stated that he lived at this location from around December, 1968, to February, 1969, with an individual named JERRY DE MUTH. RIVAS stated that DE MUTH was 4-F, and had gone to the Dove House location and met ANNE LOWE. DE MUTH beought RIVAS to Dove House where in late December, 1968 or January, 1969, he met ANNE LOWE. RIVAS described LOWE as an attractive, permiscuous individual who had many short-time friends, none of whom

maintained a close relationship. RIVAS advised that his relationship with LOWE delt mainly with her promiscuity rather than her association with active-duty servicemen. RIVAS stated that he did, on one occasion, pass out leaflets with other people at Dove House at the United States Marine Corps Recruiting Depot, but LOWE was not present at this time.

RIVAS further commented that he knows of no one harbored as a deserter at Dove House. He related that his last knowledge of LOWE was in February, 1969, when he heard that she had gone on an European tour and was thought to be in Sweden. RIVAS stated that he has not seen or heard of her since.

RIVAS continued that in February, 1969, he came to Los Angeles, California, where he met with people of the Los Angeles Resistance, all of whom are now in jail for their actions in conjunction with the Resistance or for narcotics violations.

RIVAS stated that he has had no association with the Resistance since subsequent to an arrest by the Sheriff's Office in San Diego around Easter, 1969, on a charge of "Being in a Place Where Marijuana was Used", a charge for which he and all others who were arrested were acquitted. To his knowledge, RIVAS advised there is no Resistance organization in Los Angeles at the present time.

Alluding to his arrest, RIVAS advised that he and several others were taken off a bus they had used as transportation to travel to Stafford, Arizona, for the purpose of visiting Resistance members confined to the Stafford Prison for Selective Service violations. RIVAS stated that WILLIAM SWAN was on the bus with him, but he did not know SWAN prior to this trip and is of the opinion that SWAN is presently in jail. RIVAS stated that he has never been to 7300 Friars Road, San Diego, but stated that he had heard that this location at 7300 Friars Road was similar in its operation to the Dove House.

RIVAS stated that the reason for his involvement in the Resistance was brought about as a result of his service time in Vietnam where he stated that he witnessed atrosities and actions which he did not believe in, and he felt that he was engaged in actions which were contrary to his beliefs. RIVAS commented that although he was in a rifle company and engaged in combat, he could never put his mind in the same place as his body. RIVAS stated that it was as a result of his Vietnam experience that he began to believe that there must be a more peaceable method of settling differences.

Dear Karen,

Got your letters and "Subterranean Homesick Blues". Thanks. Hey, not only was I getting well along with the recorder flute, but for the last day I've been working on Tod's harmonica and getting down with that too.

Visiting with Marv & Sherna worked out fine (though at first ~~they~~ Sherna was told that they weren't on the list!) and I told them what was doing with you. They seem recovered from their efforts with the movie. The showing of it they did for the Indians who were in it and their community went well; but the Hollywood people to whom they showed it said it was of too special an interest for them to undertake distribution. They fly to Europe in a week approximately from now! I'll let you know news of them as I get it.

Stevie wrote that she and especially David were sick, some flu-like thing. They hope to stay up in the mountains even through the winter!

I wasn't too impressed by ~~I~~ your story of the clairvoyant lady of Alamogordo. She did seem able to pick up on things though, sensitive.

That wedding sounded beautiful. Rev. Bill seems at first strange but not for long, I can pretty well imagine how it may have been.

Randy has been here about 2 weeks, seems to be well, a sharp fellow. I continue to get tanner and walk, jog, etc during the daily one hour recreation period that T, R, & I get. This began just after you were here.

You're correct, I don't have a guitar. But T. is trying to get his back. There's hope. T. wonders can you send the words to Dave Van Ronk "He Was a Friend of Mine". I have no requests at the moment. I got a cheerful word from Warren Camp, now at his folks pad in N.Y.!

So now you've flashed by here, and I wonder where geographically, knowing pretty much about of Mike S., who is doing a lot of chanting, which seems to be catching on in that neighborhood. Otherwise well.

Love, head pats, hugs —

Joe

Steve will be visiting in a couple of weeks, the beginning of a big cross-country trip (will look into historical research topic in Ohio, and visit friends all over).
Howdy to Rev. Billy!

On November 18, 1970, Assistant United States Attorney TOM G. KONTOS advised that DELLENBACH's case was still under study and a decision should be reached in the case within one month.

Dear Sirs :-

I am a school Security agent employed by L.A. City Schools and assigned to Franklin High School, 820 No. Ave. 54 in Highland Park.

On Wednesday morning I found 15 of the enclosed folders pinned to poles around the school, within one block, and one to a lavatory door (boys) on the 4th floor of the school. Possibly this last was placed during evening adult school.

This is merely for your information. You need not contact me.

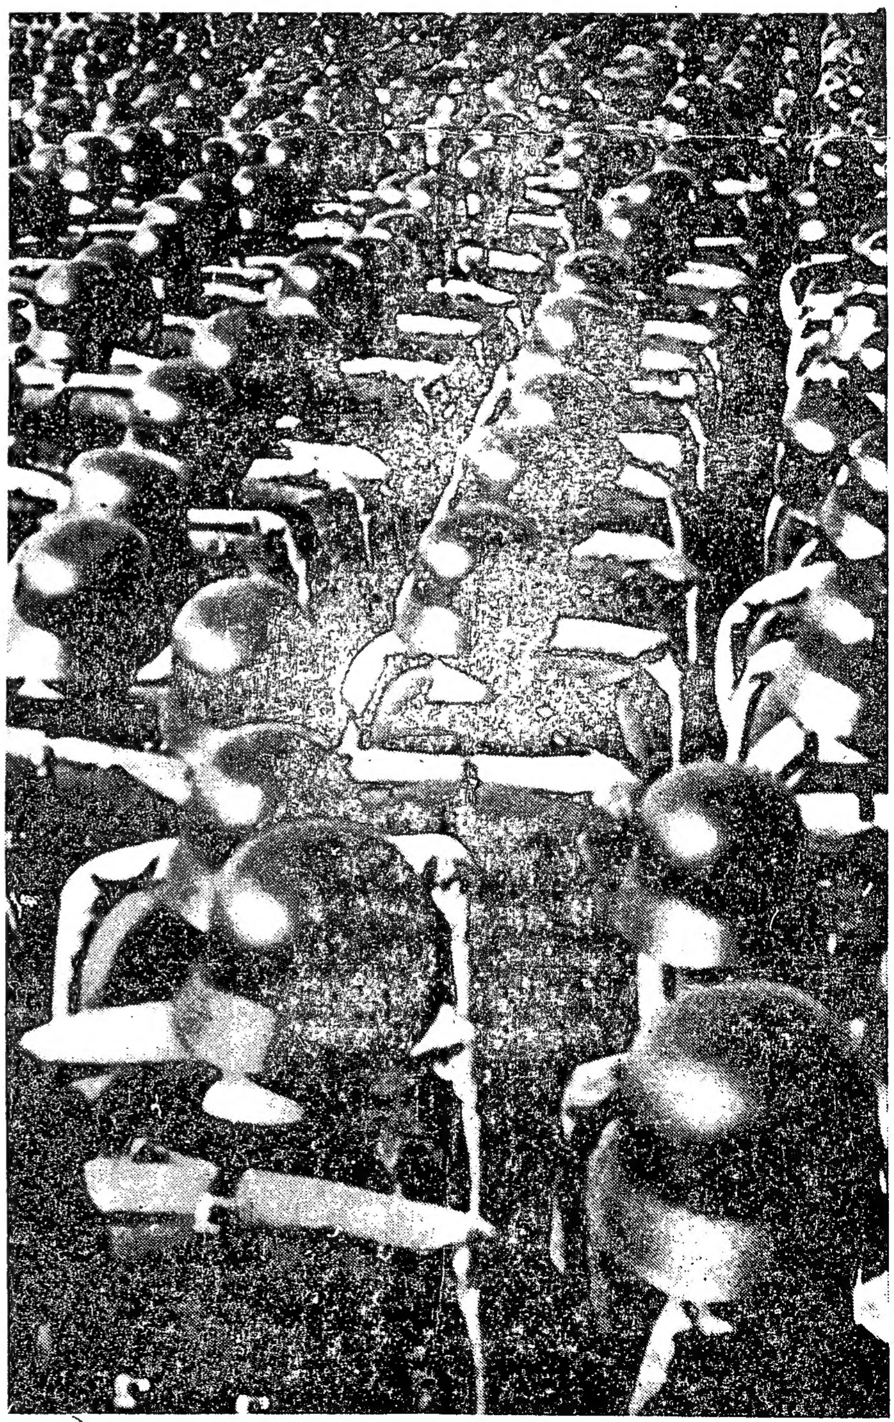
Are you a male high school student 16 or 17 years old? Have you thought at all about the draft and the military, or is that less than an expedient issue? Have you related at all to the close reality of the Viet Nam war, or is that just another discussion topic? Maybe you have your eyes on college or some other Selective Service deferment, and you feel there is no need for concern. When you turn 18, will you sign for your draft card believing that such an action indicates no commitment or involvement on your part?

Right now is the best time to learn something about the role of the Selective Service System in our society. To register with your draft board, first of all, is to render cooperation to the system that is responsible for the lives of thousands of oppressed people all over the world. You would allow yourself to be manipulated into the position which that system has proscribed for you, a concept called "channeling". Channeling, by the Selective Service System's own definition, is the means by which the government appropriates manpower in the areas which it deems necessary and desireable for its own purposes. It clearly suppresses your freedom of self-determination, your freedom of choice (which is the basic precept of democracy), especially for you young men in minority groups who cannot as easily procure deferments. By using the threat of induction, the system causes you to seek deferments which are offered by the system only in areas which the government sees as being necessary for the national interests, such as universities, employment in national defense organizations, hospital work, etc. You cannot freely and naturally make a choice in determining your own future because of this threat. Fear forces you to decide your future within a limited area. Many young graduates would prefer not to go straight on to college, but would rather take it easy for a while, to travel, work, or do something else. Fear of induction forces them into school unwillingly, thus endangering their own values and goals of higher education.



Then, obviously, if you do register, you are at any time eligible for induction into the Armed Forces, with almost complete disregard for your own personal and moral beliefs. When you agree to carry a draft card, you have virtually expressed your willingness to be drafted into the Army (or Marine Corps) for two years and partake in its vast amount of atrocities and destructive activities. By saying "Yes" to the SSS, you have said "Yes" to all of America's military endeavors and policies, including the napalm butchering of women, children, and their homes in Viet Nam.

The war in Viet Nam and the American economic-military intervention in South America is tragic. There is no telling where it will stop. The rising tide of innocent blood is staining all of our hands and is crying pitifully to open our blinded eyes and buried consciences. We all have a responsibility, first to ourselves, our own consciences, and secondly, to our brothers all over the world. The time has come for us to say "No" to our present state of negativity, and say "Yes" to life and to the beauty we know and deserve.

If we can see that war is wrong, immoral, and unnecessary; if we can see that the undefined fear and hate of "Communism" is invalid, and that men can and should deal rationally with each other without senseless violence; then we have to start non-cooperating with the system whose values and assumptions are tearing our world apart.

If you can understand these things, and realize that someday you will have to decide one way or the other in regard to your relationship to militarism, then you should know that the best point in time to say "No", if you should ultimately choose that direction, is at the time you turn 18. It is the best opportunity for you to manifest your dissent to the evils of our society. Legally, at present, any refusal to cooperate with SSS is a federal offense and carries a maximum penalty of five years in prison and $10,000 fine. However, policies now exixting show that non-registrants are receiving the least amount of time. In the San Francisco area, non-registrants have been averaging 18 month sentences in minimum security prisons. Those who refuse induction are getting 3 to 3½ years, and those who desert the military are oftentimes getting punishment totally out of proportion to the nature of their crime.

We all must at some time decide on this question. We all have a conscience, we all have a human right and dignity. Can you kill, slaughter, maim, destroy? Can you let all this go on? Can you go on ignoring the dehumanization, the pain and the agony you know exists needlessly in our world? What kind of man are you? There is an alternative to membership in the draft club- membership in the fraternity of mankind. Refuse to register- agree to live in the light of brotherhood!

Peace and Love,

Steve Davis
